MC28 Homework 2

Max Hailperin

Due: September 25, 1995

1. [§11.5] Do exercise 11.19 from page 386.
2. [§11.5] Do exercise 11.20 from page 386.
3. [§11.5] Do exercise 11.21 from pages 386–387. Reminder: the procedure `random` chooses an integer in the range from 0 up through one less than its argument; e.g., `(random 5)` "randomly" chooses one of 0, 1, 2, 3, and 4 as the value to return.
4. [§3.1.1] Do exercise 3.2 from page 174.
