## **UNOFFICIAL REVIEW OF COLLEGE COURSES**

## **GUSTAVUS LIBERAL ARTS REQUIREMENTS**

**Unofficial Review** 

The Liberal Arts Perspective course requirements represent about one-third of the total courses required for graduation. Transfer credits may fulfill Liberal Arts requirements and count towards a major, subject to the approval of the appropriate academic department. This document is intended to demonstrate a student's progression towards fulfilling the liberal arts requirements. It should not be considered an official degree audit. Please contact Liz Vine (evine@gustavus.edu) with any questions.

Below you will find an unofficial review of how some of your previous college credits count towards Gustavus graduation requirements. The admission staff will use the information you provided on the previous page to give you an idea of how your courses fulfill Gustavus liberal arts requirements. One Gustavus course is the equivalent of four semester or six quarter credits.
