CONFERENCE MEMBERS (SWIMMING)	UNIVERSITY OF MINNESOTA - DULUTH GUSTAVUS ADOLPHUS COLLEGE HAMLINE UNIVERSITY MACALESTER COLLEGE COLLEGE OF ST. THOMAS

## GUSTIE SWIMMING FACTS

Since March, 1929, when Mort Bjorkquist won Gustavus' first MIAC individual swimming championship, the college on the hill has played an important part in Conference swimming. The school has participated in twenty-seven of the thirty MIAC Championships that have been held since 1927 and it has come out on top thirteen times during these years.

From 1928 thru 1939 Gustie swimming teams were coached by students. The record of five championships during this twelve year period speaks well for the fine leadership of these student coaches and also for the shrewdness and wisdom of Athletic Director George Myrum who chose them for their tasks.

Since 1939, Gustavus swimming teams have been coached by members of the college physical education staff.

Bump Gabrielsen, one of the student coaches of the thirties, came back to his alma mater as swimming coach during the seasons of 1940 and 1941. In 1940 his team was the MIAC champion and in 1941 it was runnerup.

Vic Gustafson, the present coach, has been at the helm since 1946. During this fourteen year period his teams have swum in 201 dual meets. They have won 126 of these meets for a percentage of .626. Of the thirteen MIAC championships held during this period, the Gusties have won seven, finished second four times, and have placed third twice.

Since the beginning, the swimming philosophy at Gustavus has been to "take on all comers". No matter how large the school or how powerful the team, the Gusties have been willing to meet them. This policy has not enhanced the won-lost percentage, but more important, it has given Gustie swimmers increased experience and better knowledge of the sport.

The Gustavus swimmers have always been great travelers. Even back in the depression days when autos were not as foolproof and highways were not as smooth as they tend to be now, the swimming team made annual trips outside of its normal range of operations. Since 1946, Gustavus swimmers have traveled thru 38 of our 50 states enroute to swimming meets which have been held from New York to California and from Florida to Texas. In their travels since the war, the team has logged over 70,000 miles.
