

CAMPUS ACTIVITIES BOARD

GAC TALKS

2015 Speaker Application

The Campus Activities Board (CAB) was designed with the fundamental goals to enrich the educational, cultural, social, and recreational needs for the entire Gustavus community. It is our duty to plan and execute a variety of programs and activities, being sure to satisfy the entertainment needs of the student body. With student input we hope to provide the community with a vast array of entertainment opportunities.

The mission of the Campus Activities Board is to enrich the campus life experience by encouraging the involvement of all students in entertainment that is engaging and enjoyable.

The Campus Activities Board strives for success in a variety of ways but primarily through these common goals: gaining all student input, planning and implementing diverse events, becoming recognized leaders, providing students with a connection to campus, and having fun.

GACTalks is conference new to Gustavus Adolphus College last year, shaped around a series of brief, educational, and rewarding presentations from inspiring Gustavus Adolphus College professors, students and alumni who are driven by their passion to share their outstanding ideas with the Gustavus community.

It's like TED Talks, but at Gustavus. Do you know what TED is?

TED (Technology, Education, Design) TALKS is a global set of conferences under the slogan "ideas worth spreading". TED addresses a wide range of topics within the research and practice of science and culture, often through storytelling. Speakers are given a maximum of 18 minutes to present their ideas in the most innovative and engaging ways they can.

GACTalks are not intended to be the ordinary classroom lectures. Imagine instead, the most engaging people of the Gustavus community all gathered, sharing their best ideas, research, philosophies and findings with the community. Talks will range from as short as five minutes to as long as 15 minutes.
