

Welcome back to campus and we hope your first week of Spring semester 2023 is off to a great start!

This is the time of year that we are hearing good news from many students getting accepted to graduate programs which we will start to post soon on Instagram, so be sure to follow us at ***[gustavushealthprofessions](#)***

***[Podcast #46](#)***: NEW Gustavus Master's Athletic Training degree

The AT Master's will be is a two-year degree program and there are two tracks to earn the degree. Dr. Westby shares about the new Master's program and what a career in athletic training has to offer, job prospects, and the variety of work environments available to an athletic trainer. Listen ***[HERE](#)***

***February is Black History Month*** and in conjunction with American Heart Month, the American Heart Association is encouraging people to “Be The Beat” for and in their communities by challenging every household or family to have at least one person who knows ***[Hands-Only CPR](#)***. Black or Hispanic adults who experience cardiac arrest outside a hospital setting are substantially less likely to receive lifesaving care from a bystander. The American Heart Association is working to change this by empowering members of these communities to learn lifesaving ***[Hands-Only CPR](#)***. *Flyer with additional information attached below.*
