

[Podcast #33](#): In this episode we talk with Amy Pehrson, Director of Community Engagement Center at Gustavus. Our focus for this podcast was the Habitat for Humanity program. There are two opportunities for participating in the Habitat program: Fall Break Home Building Trip and Alternative Spring Break Home Building Trip.

Many pre-health students have participated in Habitat and some of the take-aways include: a more clear understanding of affordable housing challenges, new building skills, new friends and a fun experience. We recommend you listen to learn more about this unique service opportunity and consider applying to participate next year! Listen [HERE](#)

Mark your calendar for **Cruise on by...Thursday, May 12 @ 11:00-1:00pm**, outside between Lund and Campus Center. **Frozen Yogurt Creations** and **toppings bar** to enjoy. Check out where our pre-health students are attending graduate school this next year. Come eat a treat, set a goal, and enter to win an inflatable couch.

Also, books and movies will be available to check out for the summer, including study guide books for the DAT, GRE, MCAT, Pharm, and more!

Thanks,
Heather Banks & Heidi Selzler-Bahr

The College of St. Scholastica, **Courtney Eickman**, *Assistant Director of Enrollment Management*, (ceickman@css.edu 218-625-4823)

St. Scholastica has seats AVAILABLE in a few programs (contact Courtney for more information):

- Occupational Therapy - June 2022 start date
- Athletic Training July 2022 start date
- Exercise Physiology program, Fall 2022 start date

*There are also scholarships for these programs, too!

Job opportunity at **Children's Respiratory and Critical Care Specialists**. Looking to hire an **Outpatient Medical Scribe & Clinical Auditor** to start this summer (\$16 per hour). This is a great opportunity for Pre-Med and Pre-PA students. They shared that they would be excited to see some students from Gustavus apply. I have attached a job description below. Resumes may be sent to Kaydee Hoppe (hr@crccs.com). An Indeed posting is also forthcoming.

The Association of Underrepresented Awareness (AUA) is hosting a seminar this **Thursday, April 28th, from 7-8pm!** Joined by **Dr. Kayunta Johnson**, biochemistry professor at the University of Texas-Arlington, who will be discussing the importance of diversity in STEM.

Those who pre-register using this [link](#) and attend the Zoom will be entered to win **one of three \$50 Target gift cards!**

Zoom link:

Topic: You're Your Own Story featuring Dr. Kayunta Johnson-Winters

Time: Apr 28, 2022 07:00 PM Central Time (US and Canada)

Wanting to find a PAID patient care summer position. Here are some tips to help with your search.

If you know the location you plan to be living this summer, we would recommend using a search site like [indeed.com](https://www.indeed.com)

What: (job title, keywords, or company)

Enter one of the common job titles below. These positions will provide training on the job.

- [Personal Care Assistant](#)
- [Resident Assistant](#)
- [Direct Support Professional](#)
- [Home Health Aide](#)
- [Certified Nursing Assistant](#) is also a good option especially for nursing majors, but certification is required.

Where: (city, state, or zip code)

- Enter Your summer city, state, zip code

A position in patient care is a great way to gain hands-on experience and get paid at the same time!
