

Admission to Master's Program WITHOUT Undergraduate Degree in CDIS (leveling sequence)

A minimum of 30 credits from following coursework must be completed or scheduled prior to consideration for graduate admission. To enroll, apply to MSU for admission as an undergraduate student. Non-degree seeking status does not apply since you will exceed the non-degree seeking limit of 16 credits. Contact the Financial Aid (FA) office for questions regarding FA.

1. General Education Coursework					
One college-level course is required in each of the following areas. These can be transferred if they were already taken as part of your previous undergraduate degree. If not completed, they can be added to your graduate program.
