Follow the steps below to create and send practice video interview assignments using InterviewStream:

1. Request an invitation from a career center administrator to sign up for your account.

2. Create Your Assignment:
   - Choose your interview questions (or record your own)
   - Customize your assignment settings including due date.

3. Invite Students via Email:
   - Upload a list or copy & paste emails and customize the message sent to your students.

4. Students Record Interview Assignments:
   - Students record responses to your video questions by the assignment due date.

5. You’re Notified upon Completion:
   - Track all assignment analytics, view all completed interviews, leave feedback, and assess.

For questions or more information about using InterviewStream for assignments, contact your Career Services office.
