SECOND YEAR

January Interim: BIO-268, January Interim Career Exploration

Summer: PHY-120, General Physics I. PHY 121, General Physics I Lab. PHY-170, General Physics II. PHY-171, General Physics II Lab. These classes were taken at University Center in Sioux Falls, SD. I was also a lifeguard again. Finally, somewhat unconventionally, I studied for my MCAT and took the test in early September just prior to my third year. This allowed me the flexibility to study abroad during spring semester and made sense in that I had taken all of the courses (two Biology, four Chemistry, two Physics) from which the material covered on the test is drawn.

January Interim: Left to study at Lancaster University

Graduated: End of December 2011

Summer: After returning from the UK in late June, I spent three weeks at Gustavus, and then began working full-time the rest of the summer as an Emergency Department Scribe for EPPA in the Twin Cities. I continued with this part-time job during my fourth year fall semester and began working full-time again once I graduated in December 2011
