

Plan

The Plan is both a revision and extension of the Problem Analysis and an original exploration of stock questions 2-4. For the revision of the Problem Analysis, make all the changes suggested by your professor and your peers and include additional research. All edits and additions to your original Problem Analysis should be **bolded**.

Following your revised Problem Analysis, address stock questions two (Is there a plan to address the problem?), three (Will the plan work?), and four (What disadvantages arise from the plan?). Use the stock questions as a guide for researching and writing your outline. Use the template to complete this assignment.

Thesis: (One sentence summarizing your problem and plan)

- IV. Plan addresses the problem.
 - A. Plan:
 1. Details of plan as necessary
 2. Administration and implementation (Who will administer/implement the plan?)
 3. Costs (monetary and other costs)
 4. [continue with points as necessary]
 - B. Workability: [see page 22 for guidance on evidence]
 1. Evidence plan will work. [Works elsewhere, best practice, and/or experts advocate it.]
 2. Continue with evidence to support that the plan will work.
 - C. Disadvantages/obstacles are minimal and/or outweighed by advantages.

[Complete below as relevant to your plan.]

 1. Disadvantage/obstacle 1 is minimal.
 - a. Evidence that minimizes disadvantage 1:
 - b. Continue with evidence that minimizes disadvantage 1.
 2. Advantages outweigh disadvantage/obstacle 1:
 - a. Evidence that advantages outweigh disadvantage 1:
 - b. Continue with evidence that advantages outweigh disadvantage 1.
 3. Continue with disadvantages/obstacles as necessary.
 - D. Additional benefits of plan (if any):
 1. Additional benefit 1:
 - a. Evidence of additional benefit 1.
 - b. Continue with evidence to support additional benefit 1.
 2. Continue with benefits as necessary.

Requirements

- Use template. Full-sentence outline. State each point in one complete sentence. Single-space each point; double-space in between points.
- Use in-text source citations (parenthetical documentation or footnotes).
- Cite at least 12 relevant and reliable sources.
- Include a bibliography and contact list for individuals. Research should represent the diversity of sources at your disposal, including members of the community
- Minimum 8 pages, including revised Problem Analysis but excluding bibliography.
- Refer to the assignment checklist (A2) for other requirements.
