Winter Craft: Snow Globe

What You'll Need:

- Baby food or mason jar
- Florist clay (can be found at any craft supply store)
- Small figurine
- White/silver glitter or fake snow
- Hot glue gun
- Ribbon or felt
- Garland plastic greenery

Directions:

- Wash and dry your jar completely, including the lid. Attach figurine to inside of jar lid using florist clay. If you are using a small object, it's a good idea to build up the clay so the object will appear taller. Add greenery, berries, etc.
- Fill jar with water to within 1/2 inch (1 cm) of top with cold water. Sprinkle ½ teaspoon of glitter, or "snow" into water.
- Using hot glue gun, line inside of lid with glue. Insert figurine in water and screw on lid.
- Dab lid dry if any water dripped or spilled. Apply a layer of hot glue around the rim of the lid to seal shut.
- Let stand and dry overnight -- lid side up.
- Optional: Decorate the lid rim.

Winter Recipe: Snowmen Rice Krispies

Ingredients:

- 3 Tbls Butter or Margarine
- 4 cups miniature marshmallows
- 1 tsp Vanilla Extract
- 4 cups Crispy Rice Cereal
- Frosting
- Candies for decoration

1. Melt butter in the microwave in a large bowl. Add vanilla and marshmallows. Pop back in the microwave for 30 second intervals until marshmallow are melted, stir between.
2. Add the crispy rice cereal and stir until the cereal is coated.
3. Line a large cookie sheet with wax paper. As soon as the marshmallow is cool enough to touch, rub a little margarine or butter on your hands and form the cereal mixture into balls. Work quickly so rice cereal mixture stays warm.
4. You will need 2 balls for each snowman. Use about 1 cup of the mixture for the body and 3/4 cup for the head balls. Set your larger ball on the wax paper lined cookie sheet. Place the small ball on top of the larger ball.
5. Now you are ready to decorate your snowman! Use frosting to help some items stick to the rice cereal balls better.
