**Medical Amnesty Policy**

The College is concerned about the physical and emotional wellbeing of all students. The College also recognizes that there may be alcohol or other drug-related medical or safety emergencies in which the potential for disciplinary action could act as a deterrent to students who want to seek assistance for themselves or others. The Medical Amnesty Policy is designed to enable dangerously intoxicated or impaired Gustavus students to receive the professional medical treatment they need.

When one or more students aid an intoxicated or impaired Gustavus student by contacting Campus Safety, Residential Life or other appropriate College staff for assistance, and reference the policy, neither the impaired individual nor the student(s) reporting the emergency will be subject to formal disciplinary action for the consumption or possession of alcohol or other drugs. The policy is thus invoked by taking action to notify College staff regarding a student in need of assistance. In rare circumstances, such as cases where other, more serious violations occur, students may be subject to the student conduct process for those additional violations. Examples of this include, but are not limited to, physical abuse, verbal or physical harassment, disorderly conduct or major property damage.

Impaired individuals who are eligible for medical amnesty will not receive a conduct record for the incident. In lieu of disciplinary action, the student will be required to meet with the Substance Use Educator to discuss the incident and participate in an alcohol education session. If a student does not complete these requirements, he or she will be subject to the formal disciplinary process.

**ALCOHOL & DRUG EDUCATION PROGRAMS**

**Partying Smart, Marijuana 101:** These online modules provide basic knowledge, awareness and attitude assessments for students with first time, lower-level alcohol or marijuana offenses.

**CHOICES Workshop:** A 90-minute group-based educational workshop facilitated by the Peer Assistants.

**BASICS/CASICS** (Brief Alcohol / Cannabis Screening Intervention for College Students): A facilitator uses motivational interviewing skills during two individual sessions to help students identify patterns of chemical use and how to reduce associated risks from their use in the future.

**Alternatives Workshops** (Alternatives Youth Diversion Education Program): A peer group-based curriculum that meets for a total of four or ten hours, depending on sanction. The program is designed to provide facts, tools and support for those dealing with alcohol and other drug-related violations. Individuals learn personal responsibility and practice making positive, long-lasting behavior changes that will lead to better choices in the future.

**Work Hours:** Students select or are assigned a work location for completion of hours. A time log is kept and turned in to the Dean’s Office when required time is completed.

**Mentor Assignment:** Students are asked to develop academic, co-curricular and personal goals with the support of a mentor. Students select a mentor from a list of College employees who volunteer with this program. They meet a minimum of four times over the course of six weeks, creating an action plan based on the student's goals.

**Meetings with Substance Use Educator:** Students meet with the Substance Use Educator who serves as an advisor and accountability partner. Together they will build a plan that will support the student as a healthy, successful member of our Gustavus community.

**Explanation of Typical Sanctions**

**Disciplinary Censure:** The serious nature of the specific violation or existence of prior violations merit deep concern by the College. Students sanctioned with Disciplinary Censure should understand that in most cases, future violations will result minimally in Disciplinary Probation.

**Disciplinary Probation:** The most serious form of behavior-related sanction which can be imposed short of suspension. The individual is considered to be “not in good standing with the Institution” for a determined period of time. Students on Disciplinary Probation will be prohibited from registering for or participating in off-campus study, travel courses, credit-bearing internships, career explorations, and off-campus independent studies. They may be prohibited from representing the College in any activity (e.g., athletic teams, fine arts groups, student organizations, etc.), performance, or presentation. The College reserves the right to remove a student on disciplinary probation from a course or program if it deems such action in the best interest of the student, the College, or the program/course.

**Suspension:** Termination of student status for a definite period of time. The conditions of readmission shall be stated in the order of suspension.

**Expulsion:** Permanent termination of student status. The fact of expulsion shall become part of the student's permanent academic record at the College and remain so.

**Notifications:** In the case of Censure, Probation, Suspension and Expulsion, the individual's status with the College is in jeopardy and therefore parents are notified, to the extent allowable under state and federal law. A student's academic advisor and coach (if applicable) are also notified as specified on the reverse side.

Additional options for disciplinary sanctions include but are not limited to reading and writing assignments, monetary fines, additional educational programming, residence hall relocation, and referral to on- and off-campus resources.

The College has adopted guidelines for the adjudication of alcohol offenses:
- Sanctions resulting from alcohol violations are cumulative over the course of a student's enrollment.
- Students hosting non-Gustavus guests are responsible for ensuring their guests' compliance with all College policies.
- The sanctions above are standard for the offenses listed, the College reserves the right to adjust the sanctions at the discretion of the hearing officer depending on the specifics of the incident and a student's conduct history.

- Non-cooperation during confrontation could result in increased sanctions.
