

2022-2023 Verification of 2020 Income for Parent Tax Filers

Parent Income Verification

Important Note: The instructions below apply to each parent included in the household. Notify the Financial Aid Office if the parent(s) filed separate IRS income tax returns for 2020 or had a change in marital status after on December 31, 2021.

Instructions: Complete this section if the parent(s) filed or will file a 2020 IRS income tax return(s). *The best way to verify income is by using the IRS Data Retrieval Tool (IRS DRT) that is part of FAFSA on the Web at www.fafsa.gov.* In most cases, no further documentation is needed to verify 2020 income information that was transferred into the student's FAFSA using the IRS DRT if that information was not changed by the FAFSA filer.

Check the box that applies:

- The parent(s) have not yet used the IRS DRT in *FAFSA on the Web*, but will use the tool to transfer 2020 IRS income tax return information into the student's FAFSA once the 2020 IRS income tax return has been filed.

If the parent(s) filed separate 2020 IRS income tax returns, the IRS DRT cannot be used and a 2020 IRS income tax return along with applicable schedule(s) must be provided for each.

- The parent(s) are unable or choose not to use the IRS DRT in *FAFSA on the Web*, and instead will provide the school a signed 2020 IRS income tax return along with applicable schedule(s).
- Check here if a signed 2020 IRS income tax return along with applicable schedule(s) is provided.
- Check here if a signed 2020 IRS income tax return along with applicable schedule(s) will be provided later.
