Here is what you can do to prepare your family in case COVID-19 spreads in your community.

**Find Local Information**

Know where to find local information on COVID-19 and local trends of COVID-19 cases.

**Know the Signs and Symptoms**

Know the signs and symptoms of COVID-19 and what to do if symptomatic:
- Stay home when you are sick
- Call your health care provider’s office in advance of a visit
- Limit movement in the community
- Limit visitors

**Take Steps for Those at Higher Risk**

Know what additional measures those at higher risk and who are vulnerable should take.

**Protect Yourself and Family**

Implement steps to prevent illness (e.g., stay home when sick, handwashing, respiratory etiquette, clean frequently touched surfaces daily).

Create a Household Plan

Create a household plan of action in case of illness in the household or disruption of daily activities due to COVID-19 in the community.
- Consider 2-week supply of prescription and over the counter medications, food and other essentials. Know how to get food delivered if possible.
- Establish ways to communicate with others (e.g., family, friends, co-workers).
- Establish plans to telework, what to do about childcare needs, how to adapt to cancellation of events.

Stay Informed About Emergency Plans

Know about emergency operations plans for schools/workplaces of household members.
