

**a better clinic**

# Traditional in-network clinics are not nice

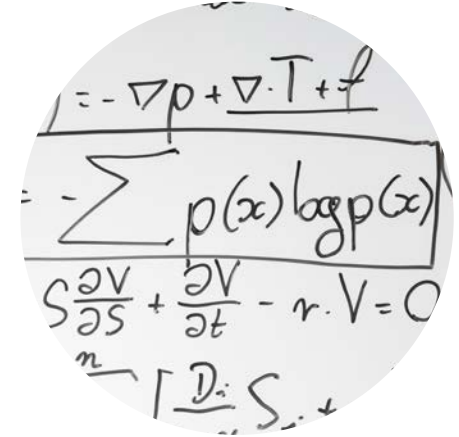

## Inconvenient

Wasted time due to long drive times, waiting in germ-filled waiting rooms, and visits that always start late

## Ineffective

Rushed visits and limited availability encourage patients to postpone care or use the UC or ER

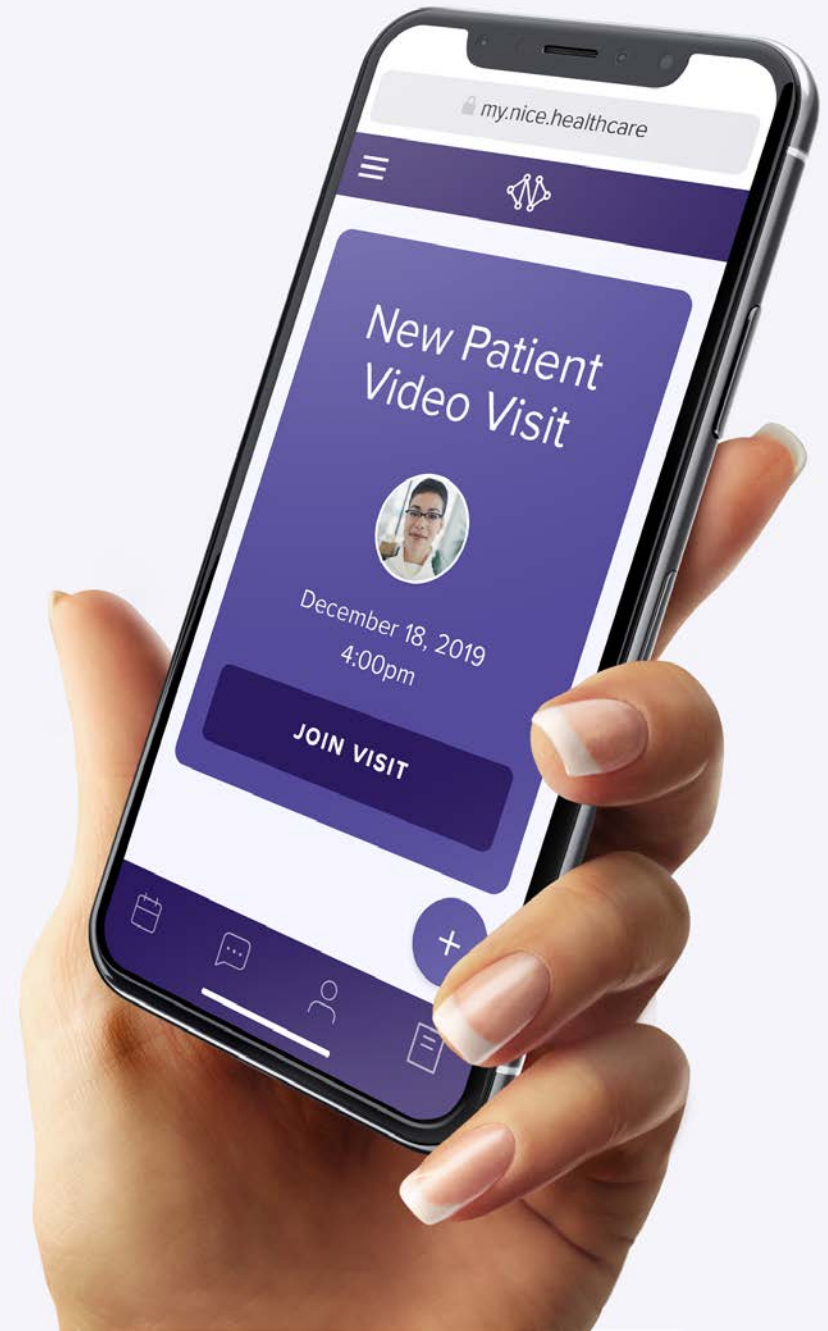

## Unaffordable

High deductibles and the cost of labs, imaging, and prescriptions are devastating patients' finances

# What is Nice?

A primary care clinic that brings  
**FREE** medical visits, medications,  
labs, imaging and physical therapy  
to you.

# We've got you covered

## Healthy

Manage prescriptions, physical therapy, pregnancy and wellness support

## Sick

Treat colds, flu, strep, ear infections, pink eye, rashes, sinus infections, etc.

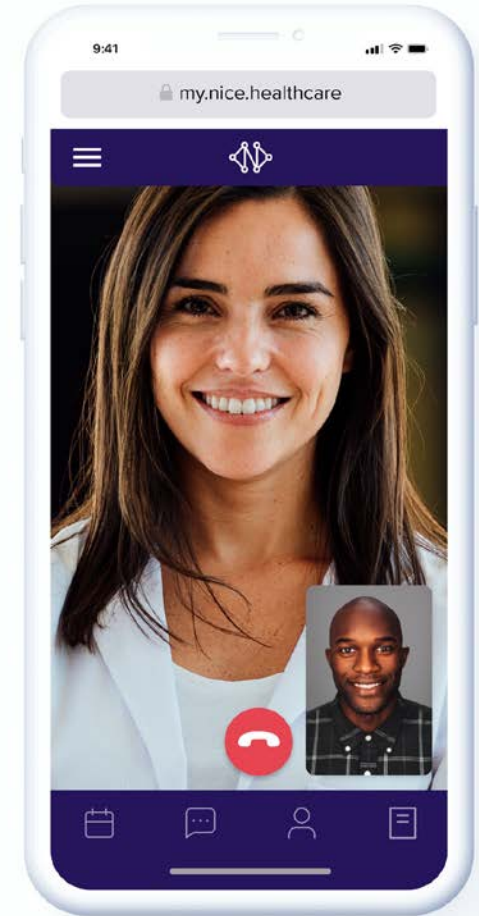

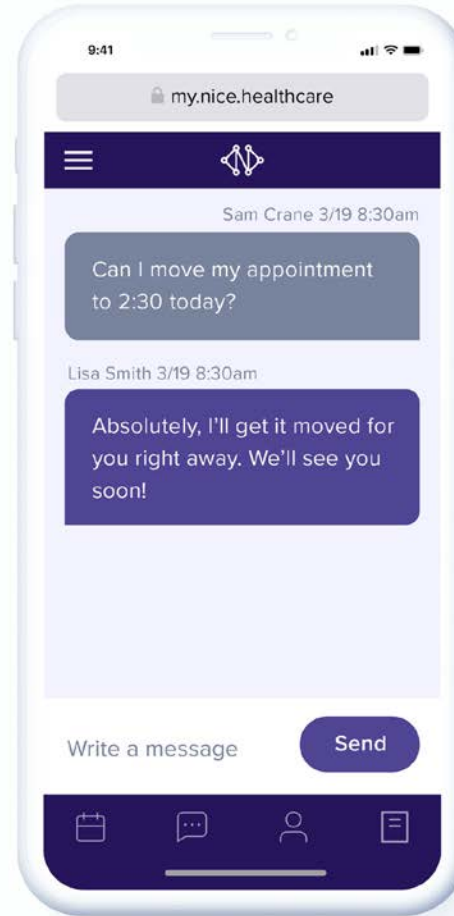

## Chronic

Type 2 diabetes, hypertension, mental health, asthma, high cholesterol, etc.
