ANNUAL NOTIFICATIONS

Women’s Health and Cancer Rights Act

Under the federal Women’s Health and Cancer Rights Act of 1998 and Minnesota law, you are entitled to the following services:

1. reconstruction of the breast on which the mastectomy was performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. prosthesis and treatment for physical complications during all stages of mastectomy, including swelling of the lymph glands (lymphedema).

Services are provided in a manner determined in consultation with the physician and patient. Coverage is provided on the same basis as any other illness.
Important Notice From the Plan Administrator About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Blue Cross and Blue Shield of Minnesota (Blue Cross) and about your options under Medicare’s prescription drug coverage. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Blue Cross has determined that the prescription drug coverage offered by your Plan is, on average for all members, expected to pay out as much as standard Medicare prescription drug coverage pays and is, therefore, considered Creditable Coverage. Because your prescription drug coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from November 15th through December 31st.

However, if you lose your current creditable prescription drug coverage through no fault of your own, you will be eligible for a two (2)-month Special Enrollment Period (SEP) to join a Medicare drug plan.
What Happens To Your Current Coverage If You Decide To Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your current Blue Cross coverage will not be affected. You may keep your current Blue Cross coverage and this Plan will coordinate with your Medicare drug plan.

If you do decide to join a Medicare drug plan and drop Blue Cross prescription drug coverage, be aware that you and your dependents might not be able to get this coverage back, depending on your employer’s eligibility policy. This risk might also extend to your medical coverage, so it is worthwhile to ask before enrolling in a Medicare drug plan.

When Will You Pay A Higher Premium (A Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Blue Cross and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go 19 months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following November to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact Customer Service at the telephone number listed in the Customer Service section.

NOTE: You will receive this notice each year. You will also receive it before the next period you can join a Medicare drug plan and if coverage through this Blue Cross Plan changes. You may request a copy of this notice any time.
For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans. For more information about Medicare prescription drug coverage:

- Visit www.medicare.gov
- Call Customer Service at the telephone number provided in the Customer Service section
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 1-800-MEDICARE (1-800-633-4227), TTY users should call 1-877-486-2048

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether you are required to pay a higher premium (a penalty).
Rights and Responsibilities

You Have The Right Under This Plan To:

- be treated with respect, privacy and dignity;
- receive quality health care that is friendly and timely;
- have available and accessible medically necessary covered services, including emergency services, 24 hours a day, seven (7) days a week;
- be informed of your health problems and to receive information regarding treatment alternatives and their risk in order to make an informed choice regardless if the health plan pays for treatment;
- participate with your health care providers in decisions about your treatment;
- give your provider a health care directive or a living will (a list of instructions about health treatments to be carried out in the event of incapacity);
- refuse treatment;
- privacy of medical and financial records maintained by the Plan, the Claims Administrator and its health care providers in accordance with existing law;
- receive information about the Plan, its services, its providers, and your rights and responsibilities;
- make recommendations regarding these rights and responsibilities policies;
- have a resource at the Plan, the Claims Administrator or at the clinic that you can contact with any concerns about services;
- file an appeal with the Claims Administrator and receive a prompt and fair review; and
- initiate a legal proceeding when experiencing a problem with the Plan or its providers.

You Have The Responsibility Under This Plan To:

- know your health plan benefits and requirements;
- provide, to the extent possible, information that the Plan, the Claims Administrator, and its providers need in order to care for you;
- understand your health problems and work with your doctor to set mutually agreed upon treatment goals;
- follow the treatment plan prescribed by your provider or to discuss with your provider why you are unable to follow the treatment plan;
- provide proof of coverage when you receive services and to update the clinic with any personal changes;
- pay copays at the time of service and to promptly pay deductibles, coinsurance and, if applicable, charges for services that are not covered; and
- keep appointments for care or to give early notice if you need to cancel a scheduled appointment.

INTRODUCTION

This Summary Plan Description (SPD) contains a summary of the Gustavus Adolphus College Comprehensive Major Medical Health Care Plan for benefits effective 07-01-2011.

Coverage under this Plan for eligible employees and dependents will begin as defined in the Eligibility section.

All coverage for dependents and all references to dependents in this Summary Plan Description are inapplicable for employee-only coverage.

This Plan, financed and administered by the South Central Service Cooperative - Schools and Gustavus Adolphus College, is a self-insured medical plan. Blue Cross and Blue Shield of Minnesota (Blue Cross), under contract with the South Central Service Cooperative - Schools is the Claims Administrator and provides administrative services only. The Claims Administrator does not assume any financial risk or obligation with respect to claims. Payment of benefits is subject to all terms and conditions of this SPD, including medical necessity.

This Plan is not subject to ERISA.

This Plan provides benefits for covered services you receive from eligible health care providers. You receive the highest level of coverage when you use In-Network Providers. In-Network Providers are providers that have entered into a specific network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan to provide you quality health services at favorable prices.

The Plan also provides benefits for covered services you receive from Out-of-NetworkProviders. In some cases, you receive a reduced level of coverage when you use these providers. Out-of-Network Providers include Out-of-Network Participating Providers and Nonparticipating Providers. Out-of-Network Participating Providers have entered into a specific network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan but are not In-Network Providers. Nonparticipating Providers have not entered into a network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan. You may pay a greater portion of your health care expenses when you use Nonparticipating Providers.

IMPORTANT! When receiving care, present your Identification (ID) card to the provider who is rendering the services. It is also important that you read this entire Summary Plan Description carefully. It explains the Plan, eligibility, notification procedures, covered expenses, and expenses that are not covered. If you have questions about your coverage, please contact the Claims Administrator at the address or telephone numbers listed on the following page.

Choosing A Health Care Provider

You may choose any eligible provider of health services for the care you need. The Plan may pay higher benefits if you choose In-Network Providers. Generally, you will receive the best benefit from your health plan when you receive care from In-Network Providers.

In-Network Providers

When you choose In-Network Providers, you get the most benefits for the least expense and paperwork. Minnesota In-Network Providers are providers in the Aware Network. In-Network Providers outside Minnesota are providers in the BlueCard Traditional Network. Minnesota In-Network Providers are required to take care of notification requirements and send your claims to the Claims Administrator and the Claims Administrator sends payment to the provider for covered services you receive. In-Network Providers outside Minnesota are required to send your claims to the Claims Administrator and the Claims Administrator sends payment to the provider for covered services you receive. In-Network Providers outside Minnesota are not required to take care of notification requirements. Your provider directory lists In-Network Providers and may change as providers initiate or terminate their network contracts. For benefit information, please refer to the Benefit Chart.

To receive the highest level of benefits for Behavioral Health Mental Health Care and Behavioral Health Substance Abuse Care services, you must use a Behavioral Health Select Network Provider as your Minnesota In-Network Provider.

To receive the highest level of benefits for Chiropractic Care, you must use a Blue Select Chiropractic Network Provider as your Minnesota In-Network Provider.

Out-of-Network Providers

Out-of-Network Participating Providers

Out-of-Network Participating Providers are providers who have a specific network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan (Participating Providers), but are not In-Network Providers. Out-of-Network Participating Providers may take care of notification requirements and may file claims for you. Verify with your provider if these are services they will perform for you. Most out-of-state Out-of-Network Participating Providers accept the Claims Administrator's payment based on the Allowed Amount. The Claims Administrator recommends that you contact the out-of-state Out-of-Network Participating Provider and verify if they accept payment based on the Allowed Amount to determine if you will have additional financial liability.

Nonparticipating Providers

Nonparticipating Providers have not entered into a network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan. You are responsible for providing notification when necessary and submitting claims for services received from Nonparticipating Providers. Refer to the "Liability for Health Care Expenses" provision for a description of charges that are your responsibility. Please note that you may incur significantly higher financial liability when you use Nonparticipating Providers compared to the cost of receiving care from In-Network Providers. In addition, participating facilities may have nonparticipating professionals practicing at the facility.

Your Benefits

This SPD outlines the coverage under this Plan. Please be certain to check the "Benefit Chart" section to identify covered benefits. You must also refer to the "General Exclusions" section to determine services that are not covered. The "Glossary of Common Terms" section defines terms used in this SPD. All services must be medically necessary to be covered, and even though certain noncovered services may be medically necessary, there is no coverage for them. If you have questions, call Customer Service using the telephone number on the back of your ID card.
Continuity of Care

Continuity of Care for New Members

If you are a member of a group that is new to Blue Cross, this section applies to you. If you are currently receiving care from an Out-of-Network family practice or specialty physician, you may request to continue to receive care from this physician for a special medical need or condition, for a reasonable period of time before transferring to an In-Network physician as required under the terms of your coverage with this Plan. The Claims Administrator will authorize this continuation of care for a terminal illness in the final stages or for the rest of your life if a physician certifies that your life expectancy is 180 days or less. The Claims Administrator will also authorize this continuation of care if you are engaged in a current course of treatment for any of the following conditions or situations:

Continuation for up to 120 days:

1. an acute condition;
2. a life-threatening mental or physical illness;
3. a physical or mental disability rendering you unable to engage in one or more major life activities provided that the disability has lasted or can be expected to last for at least one year, or that has a terminal outcome;
4. a disabling or chronic condition in an acute phase or that is expected to last permanently;
5. you are receiving culturally appropriate services from a provider with special expertise in delivering those services; or
6. you are receiving services from a provider that are delivered in a language other than English.

Continuation through the postpartum period (six (6) weeks post delivery) for a pregnancy beyond the first trimester.

Transition to In-Network Providers

At your request, the Claims Administrator will assist you in making the transition from an Out-of-Network to an In-Network Provider. Please contact the Claims Administrator's Customer Service staff for a written description of the transition process, procedures, criteria, and guidelines.

Limitation

Continuity of Care applies only if your provider agrees to: 1) accept the Claims Administrator's allowed amount; 2) adhere to all of the Claims Administrator's prior authorization requirements; and 3) provide the Claims Administrator with necessary medical information related to your care.

Termination by Provider

If your provider terminates its contract with the Claims Administrator, we will not authorize continuation of care with, or transition of care to, that provider. Your transition to an In-Network Provider must occur on or prior to the date of such termination for you to receive In-Network benefits.

Provider Termination for Cause

If the Claims Administrator has terminated its relationship with your provider for cause, the Claims Administrator will not authorize continuation of care with, or transition of care to, that provider. Your transition to an In-Network Provider must occur on or prior to the date of such termination for you to continue to receive In-Network benefits.

Continuity of Care for Current Members

If you are a current member or dependent with Blue Cross, this section applies to you. If the relationship between your In-Network clinic or physician and the Claims Administrator ends, rendering your clinic or provider Out-of-Network with the Claims Administrator, and the termination was by the Claims Administrator and was not for cause, you may request to continue to receive care for a special medical need or condition, for a reasonable period of time before transferring to an In-Network Provider as required under the terms of your coverage with this Plan. The Claims Administrator will authorize this continuation of care for a terminal illness in the final stages or for the rest of your life if a physician certifies that your life expectancy is 180 days or less. The Claims Administrator will also authorize this continuation of care if you are engaged in a current course of treatment for any of the following conditions or situations:
Continuation for up to 120 days:

1. an acute condition;
2. a life-threatening mental or physical illness;
3. a physical or mental disability rendering you unable to engage in one or more major life activities provided that the disability has lasted or can be expected to last for at least one year, or that has a terminal outcome;
4. a disabling or chronic condition in an acute phase or that is expected to last permanently;
5. you are receiving culturally appropriate services from a provider with special expertise in delivering those services; or
6. you are receiving services from a provider that are delivered in a language other than English.

Continuation through the postpartum period (six (6) weeks post delivery) for a pregnancy beyond the first trimester.

Transition to In-Network Providers

At your request, the Claims Administrator will assist you in making the transition from an Out-of-Network to an In-Network Provider. Please contact the Claims Administrator's Customer Service staff for a written description of the transition process, procedures, criteria, and guidelines.

Limitation

Continuity of Care applies only if your provider agrees to: 1) accept the Claims Administrator's allowed amount; 2) adhere to all of the Claims Administrator's prior authorization requirements; and 3) provide the Claims Administrator with necessary medical information related to your care.

Termination by Provider

If your provider terminates its contract with the Claims Administrator, we will not authorize continuation of care with, or transition of care to, that provider. Your transition to an In-Network Provider must occur on or prior to the date of such termination for you to receive in-network benefits.

Provider Termination for Cause

If the Claims Administrator has terminated its relationship with your provider for cause, the Claims Administrator will not authorize continuation of care with, or transition of care to, that provider. Your transition to an In-Network Provider must occur on or prior to the date of such termination for you to continue to receive In-Network benefits.

Payments Made in Error

Payments made in error or overpayments may be recovered by the Claims Administrator as provided by law. Payment made for a specific service or erroneous payment shall not make the Claims Administrator or the employer liable for further payment for the same service.

Liability for Health Care Expenses

Charges That Are Your Responsibility

In-Network Providers

When you use In-Network Providers for covered services, payment is based on the Allowed Amount. You are not required to pay for charges that exceed the Allowed Amount. You are required to pay the following amounts:

1. deductibles and coinsurance;
2. copays;
3. charges that exceed the benefit maximum; and
4. charges for services that are not covered.
Out-of-Network Providers

Out-of-Network Participating Providers

When you use Out-of-Network Participating Providers for covered services, payment is based on the Allowed Amount. You may not be required to pay for charges that exceed the Allowed Amount. All Out-of-Network Participating Providers in Minnesota accept the Claims Administrator's payment based on the Allowed Amount. Most Out-of-Network Participating Providers outside Minnesota also accept the Claims Administrator's payment based on the Allowed Amount. However, contact your Out-of-Network Participating Provider outside Minnesota to verify if they accept the Claims Administrator's payment based on the Allowed Amount (to determine if you will have additional financial liability). You are required to pay the following amounts:

1. charges that exceed the Allowed Amount if the Out-of-Network Participating Provider outside Minnesota does not accept our payment based on the Allowed Amount;
2. deductibles and coinsurance;
3. copays;
4. charges that exceed the benefit maximum; and
5. charges for services that are not covered.

Nonparticipating Providers

When you use Nonparticipating Providers for covered services, payment is still based on the Allowed Amount. However, because a Nonparticipating Provider has not entered into a network contract with the Claims Administrator or the local Blue Cross and/or Blue Shield Plan, the Nonparticipating Provider is not obligated to accept the Allowed Amount as payment in full. This means that you may have substantial out-of-pocket expense when you use a Nonparticipating Provider. You are required to pay the following amounts:

1. charges that exceed the Allowed Amount;
2. deductibles and coinsurance;
3. copays;
4. charges that exceed the benefit maximum;
5. charges for services that are not covered, including services that the Claims Administrator determines are not covered based on claims coding guidelines; and
6. charges for services that are investigative or not medically necessary.

Inter-Plan Programs

Out-of-Area Services

Blue Cross has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever you obtain health care services outside of Blue Cross’ service area, the claims for these services may be processed through one of these Inter-Plan Programs, which include the BlueCard Program and may include negotiated National Account arrangements available between Blue Cross and other Blue Cross and Blue Shield Licensees.

Typically, when accessing care outside Blue Cross’ service area, you will obtain care from health care providers that have a contractual agreement (i.e., are "participating providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, you may obtain care from Nonparticipating Providers. Blue Cross’ payment practices in both instances are described below.

BlueCard® Program

Under the BlueCard® Program, when you access covered health care services within the geographic area served by a Host Blue, Blue Cross will remain responsible for fulfilling Blue Cross' contractual obligations. However, the Host Blue is responsible for contracting with and generally handling all interactions with its Participating Providers.
Whenever you access covered health care services outside Blue Cross’ service area and the claim is processed through the BlueCard Program, the amount you pay for covered health care services is calculated based on the lower of:

- the billed covered charges for your covered services; or
- the negotiated price that the Host Blue makes available to Blue Cross.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your health care provider. Sometimes, it is an estimated price that takes into account special arrangements with your health care provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing for the types of transaction modifications noted above. However, such adjustments will not affect the price Blue Cross uses for your claim because they will not be applied retroactively to claims already paid.

Laws in a small number of states may require the Host Blue to add a surcharge to your calculation. If any state laws mandate other liability calculation methods, including a surcharge, we would then calculate your liability for any covered health care services according to applicable law.

**Nonparticipating Providers Outside Blue Cross' Service Area**

1. **Member Liability Calculation**

   When covered health care services are provided outside of Blue Cross' service area by Nonparticipating Providers, the amount you pay for such services will generally be based on either the Host Blue's Nonparticipating Provider local payment or the pricing arrangements required by applicable state law. Where the Host Blue's pricing is greater than the Nonparticipating Provider’s billed charge or if no pricing is provided by a Host Blue, we generally will pay based on the definition of "Allowed Amount" as set forth in the "Glossary of Common Terms" section of this SPD. In these situations, you may be liable for the difference between the amount that the Nonparticipating Provider bills and the payment Blue Cross will make for the covered services as set forth in this paragraph.

2. **Exceptions**

   In certain situations, Blue Cross may use other payment bases, such as billed covered charges, the payment we would make if the health care services had been obtained within our service area, or a special negotiated payment, as permitted under Inter-Plan Programs Policies, to determine the amount Blue Cross will pay for services rendered by Nonparticipating Providers. In these situations, you may be liable for the difference between the amount that the Nonparticipating Provider bills and the payment Blue Cross will make for the covered services as set forth in this paragraph.

**General Provider Payment Methods**

**Participating Providers**

Blue Cross and Blue Shield of Minnesota (Blue Cross), the Claims Administrator, contracts with a large majority of doctors, hospitals and clinics in Minnesota to be part of its network. Other Blue Cross and/or Blue Shield Plans contract with providers in their states as well. (Each Blue Cross and/or Blue Shield Plan is an independent licensee of the Blue Cross and Blue Shield Association.) Each provider is an independent contractor and is not an agent or employee of the Claims Administrator, another Blue Cross and/or Blue Shield Plan, or the Blue Cross and Blue Shield Association. These health care providers are referred to as "Participating Providers." All Minnesota Participating Providers have agreed to accept as full payment (less deductibles, coinsurance and copayments) an amount that Blue Cross has negotiated with its Participating Providers (the "Allowed Amount"). Most Participating Providers outside Minnesota have also agreed to accept as full payment (less deductibles, coinsurance and copayments) an amount that the Blue Cross and/or Blue Shield Plan has negotiated with its Participating Providers. However, some Participating
Providers in a small number of states may not be required to accept the Allowed Amount as payment in full for your specific plan and will be subject to the Nonparticipating Provider payment calculation noted below. We recommend that you verify with your out-of-state Participating Provider if they accept the Allowed Amount as payment in full. The Allowed Amount may vary from one provider to another for the same service.

Several methods are used to pay participating health care providers. If the provider is "participating" they are under contract and the method of payment is part of the contract. Most contracts and payment rates are negotiated or revised on an annual basis.

- **Non-Institutional or Professional (i.e., doctor visits, office visits) Provider Payments**
  - **Fee-for-Service** - Providers are paid for each service or bundle of services. Payment is based on the amount of the provider's billed charges.

  - **Discounted Fee-for-Service** - Providers are paid a portion of their billed charges for each service or bundle of services. Payment may be a percentage of the billed charge or it may be based on a fee schedule that is developed using a methodology similar to that used by the federal government to pay providers for Medicare services.

  - **Discounted Fee-for-Service, Withhold and Bonus Payments** - Providers are paid a portion of their billed charges for each service or bundle of services, and a portion (generally 5-20%) of the provider's payment is withheld. As an incentive to promote high quality and cost-effective care, the provider may receive all or a portion of the withhold amount based upon the cost-effectiveness of the provider's care. In order to determine cost-effectiveness, a per member per month target is established. The target is established by using historical payment information to predict average costs. If the provider's costs are below this target, providers are eligible for a return of all or a portion of the withhold amount and may also qualify for an additional bonus payment.

  In addition, as an incentive to promote high quality care and as a way to recognize those providers that participate in certain quality improvement projects, providers may be paid a bonus based on the quality of the provider's care to its member patients. In order to determine quality of care, certain factors are measured, such as member patient satisfaction feedback on the provider, compliance with clinical guidelines for preventive services or specific disease management processes, immunization administration and tracking, and tobacco cessation counseling.

  Payment for high cost cases and selected preventive and other services may be excluded from the discounted fee-for-service and withhold payment. When payment for these services is excluded, the provider is paid on a discounted fee-for-service basis, but no portion of the provider's payment is withheld.

- **Institutional (i.e., hospital and other facility) Provider Payments**

  - **Inpatient Care**

    - **Payments for each Case (case rate)** - Providers are paid a fixed amount based upon the member's diagnosis at the time of admission, regardless of the number of days that the member is hospitalized. This payment amount may be adjusted if the length of stay is unusually long or short in comparison to the average stay for that diagnosis ("outlier payment"). The method is similar to the payment methodology used by the federal government to pay providers for Medicare services.

    - **Payments for each Day (per diem)** - Providers are paid a fixed amount for each day the patient spends in the hospital or facility.

    - **Percentage of Billed Charges** - Providers are paid a percentage of the hospital's or facility's billed charges for inpatient or outpatient services, including home services.

  - **Outpatient Care**

    - **Payments for each Category of Services** - Providers are paid a fixed or bundled amount for each category of outpatient services a member receives during one (1) or more related visits.
• **Payments for each Visit** - Providers are paid a fixed or bundled amount for all related services a member receives in an outpatient or home setting during one (1) visit.

• **Payments for each Patient** - Providers are paid a fixed amount per patient per calendar year for certain categories of outpatient services.

**Pharmacy Payment**

Four (4) kinds of pricing are compared and the lowest amount of the four (4) is paid:

- the average wholesale price of the drug, less a discount, plus a dispensing fee; or
- the pharmacy's retail price; or
- the maximum allowable cost we determine by comparing market prices (for generic drugs only); or
- the amount of the pharmacy's billed charge.

**Nonparticipating Providers**

When you use a Nonparticipating Provider, benefits are substantially reduced and you will likely incur significantly higher out-of-pocket expenses. A Nonparticipating Provider does not have any agreement with the Claims Administrator or another Blue Cross and/or Blue Shield Plan. For services received from a Nonparticipating Provider (other than those described under "Special Circumstances" below), the Allowed Amount is usually less than the Allowed Amount for a Participating Provider for the same service and can be significantly less than the Nonparticipating Provider's billed charges. You are responsible for paying the difference between the Claims Administrator's Allowed Amount and the Nonparticipating Provider's billed charges. This amount can be significant and the amount you pay does not apply toward any Out-of-Pocket Maximum contained in the Plan.

In determining the Allowed Amount for Nonparticipating Providers, the Claims Administrator makes no representations that this amount is a usual, customary or reasonable charge from a provider. See the Allowed Amount definition for a more complete description of how payments will be calculated for services provided by Nonparticipating Providers.

• **Example of payment for Nonparticipating Providers**

The following table illustrates the different out-of-pocket costs you may incur using Nonparticipating versus Participating Providers for most services. The example presumes that the member deductible has been satisfied and that the Plan covers 80 percent of the Allowed Amount for Participating Providers and 60 percent of the Allowed Amount for Nonparticipating Providers. It also presumes that the Allowed Amount for a Nonparticipating Provider will be less than for a Participating Provider. The difference in the Allowed Amount between a Participating Provider and Nonparticipating Provider could be more or less than the 40 percent difference in the following example.

*The Claims Administrator will in most cases pay the benefits for any covered health care services received from a Nonparticipating Provider directly to the member based on the Allowed Amounts and subject to the other applicable limitations in the Plan. An assignment of benefits from a member to a Nonparticipating Provider generally will not be recognized. This figure, therefore, represents the net cost to the member after being reimbursed by the Claims Administrator.
- **Special Circumstances**

  When you receive care from certain nonparticipating professionals at a participating facility such as a hospital, outpatient facility, or emergency room, the reimbursement to the nonparticipating professional may include some of the costs that you would otherwise be required to pay (e.g., the difference between the Allowed Amount and the provider’s billed charge). This reimbursement applies when nonparticipating professionals are hospital-based and needed to provide immediate medical or surgical care and you do not have the opportunity to select the provider of care. This reimbursement also applies when you receive care in a nonparticipating hospital as a result of a medical emergency.

  **Example of Special Circumstances**

  Your doctor admits you to the hospital for an elective procedure. Your hospital and surgeon are Participating Providers. You also receive anesthesiology services, but you are not able to select the anesthesiologist. The anesthesiologist is not a Participating Provider. When the claim for anesthesiology services is processed, the Claims Administrator may pay an additional amount because you needed care, but were not able to choose the provider who would render such services.

  The above is a general summary of our provider payment methodologies only. Provider payment methodologies may change from time to time and every current provider payment methodology may not be reflected in this summary.

  Please note that some of these payment methodologies may not apply to your particular plan. Detailed information about payment allowances for services rendered by Nonparticipating Providers in particular is available on the Claims Administrator's website.

- **Recommendations by Health Care Providers**

  Referrals are not required. Your provider may suggest that you receive treatment from a specific provider or receive a specific treatment. Even though your provider may recommend or provide written authorization for a referral or certain services, the provider may be an Out-of-Network Provider or the recommended services may be covered at a lesser level of benefits or be specifically excluded. When these services are referred or recommended, a written authorization from your provider does not override any specific network requirements; notification requirements; or, Plan benefits, limitations or exclusions.

- **Services that are Investigative or not Medically Necessary**

  Services or supplies that are investigative or not medically necessary are not covered. No payment of benefits will be allowed under this Plan including payments for services you have already received. The terms "investigative" and "medically necessary" are defined in the "Glossary of Common Terms" section.

- **Fraudulent Practices**

  Coverage for you or your dependents will be terminated if you or your dependent engage in fraud of any type including, but not limited to: submitting fraudulent misstatements about your medical history or eligibility status on the application for coverage; submitting fraudulent, altered, or duplicate billings for personal gain; and/or allowing another party not eligible for coverage under the Plan to use your or your dependent's coverage.

- **Time Periods**

  When the time of day is important for benefits or determining when coverage starts and ends, a day begins at 12:00 a.m. United States Central Time and ends at 12:00 a.m. United States Central Time the following day.
Medical Policy Committee

The Claims Administrator’s Medical Policy Committee determines whether new or existing medical treatment should be covered benefits. The Committee is made up of independent community physicians who represent a variety of medical specialties. The Committee’s goal is to find the right balance between making improved treatments available and guarding against unsafe or unproven approaches. The Committee carefully examines the scientific evidence and outcomes for each treatment being considered.
NOTIFICATION REQUIREMENTS

The Claims Administrator reviews services to verify that they are medically necessary and that the treatment provided is the proper level of care. All applicable terms and conditions of your Plan including exclusions, deductibles, copays, and coinsurance provisions continue to apply with an approved prior authorization, preadmission notification, preadmission certification and emergency admission notification.

Prior authorization, preadmission notification, preadmission certification, and/or emergency admission notification are required.

Prior Authorization

Prior authorization is a process that involves a benefits review and determination of medical necessity before a service is rendered.

Minnesota In-Network Providers are required to obtain prior authorization for you.

You are required to obtain prior authorization when you use In-Network Providers outside Minnesota and Out-of-Network Providers. Some of these providers may obtain prior authorization for you. Verify with your providers if this is a service they will perform for you. If it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges. The Claims Administrator requires that you or the provider contact them at least 10 working days prior to the provider scheduling the care/services to determine if the services are eligible. The Claims Administrator will notify you of their decision within 10 working days, provided that the prior authorization request contains all the information needed to review the service.

The prior authorization list is subject to change due to changes in the Claim Administrator’s medical policy. The most current list is available on the Claims Administrator’s website or by calling Customer Service.

- Cosmetic versus medically necessary procedures including, but not limited to:
  - brow ptosis repair; brow ptosis repair; excision of redundant skin (including panniculectomy); reduction mammoplasty; rhinoplasty; scar excision/revision; mastopexy
- Coverage of routine care related to cancer clinical trials
- Dental and oral surgery including, but not limited to:
  - services that are accident-related for the treatment of injury to sound and healthy natural teeth; temporomandibular joint (TMJ) surgical procedures; orthognathic surgery
- Drugs including, but not limited to:
  - growth hormones; intravenous immunoglobulin (IVIG); oral fentanyl; subcutaneous immunoglobulin; rituximab for off-label usage; NPlate; Promacta; Tysabri; Cinryze; intravitreel implants; insulin-like growth factors; chelation therapy; botulinum toxin injections for off-label usage
- Durable Medical Equipment (DME), prosthetics and supplies including, but not limited to:
  - unlisted DME codes over $1,000; functional neuromuscular electrical stimulation; manual and motorized wheelchairs and scooters; respiratory oscillatory devices; heavy duty and enclosed hospital beds; pressure reducing support surfaces (group 2 and 3); wound healing treatment; implantable hearing devices or prosthetics; continuous glucose monitors; amino acid-based elemental formula; bone growth stimulators; communication assist devices; microprocessor controlled prosthetics
- Genetic testing including, but not limited to:
  - hereditary breast cancer and/or ovarian cancer
- Home health care
- Home infusion care involving drugs for which we require prior authorization
- Hospice care
- Humanitarian Use Devices (defined as devices that are intended to benefit patients by treating or diagnosing disease or condition that affects fewer than 4,000 individuals in the United States per year, classified under the FDA Humanitarian Device Exemption)
- Imaging services including, but not limited to:
  - Breast Magnetic Resonance Imaging (MRI); CT colonography (virtual colonoscopy)
- Reproduction treatments
• Surgical procedures including, but not limited to:
  bariatric surgery; hyperhidrosis surgery; sex reassignment surgery; spinal cord stimulators; subtalar arthroereisis for treatment of foot disorders; surgical treatment of obstructive sleep apnea and upper airway resistance syndrome; vagus nerve stimulation (for all conditions); spinal fusion; pelvic floor stimulation
• Transplants, except kidney and cornea

The Claims Administrator reserves the right to revise, update and/or add to this list at anytime without notice. The current list is available on the Claims Administrator’s website or by calling Customer Service.

The Claims Administrator prefers that all requests for prior authorization be submitted in writing to ensure accuracy. Please refer to the “Customer Service” section for the telephone number and appropriate mailing address for prior authorization requests.

**Preadmission Notification**

Preadmission notification is a process whereby the provider, or you, inform us that you will be admitted for inpatient hospitalization services. This notice is required in advance of being admitted for inpatient care for any type of nonemergency admission and for partial hospitalization.

Minnesota In-Network Providers are required to provide preadmission notification to the Claims Administrator for you.

If you are going to receive nonemergency care from In-Network Providers outside Minnesota or Out-of-Network Providers, you are required to provide preadmission notification to the Claims Administrator. Some of these providers may provide preadmission notification for you. **You are also required to obtain prior authorization for the services related to the inpatient admission. Please refer to "Prior Authorization" in this section. If it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.**

Preadmission notification is required for the following admissions/facilities:
1. Hospital acute care admissions;
2. Residential behavioral health treatment facilities; and
3. Mental health and substance abuse admissions.

**To provide preadmission notification, call the Customer Service telephone number provided in the "Customer Service" section. They will direct your call.**

**Preadmission Certification**

Preadmission certification is a process to provide a review and determination related to a specific request for care or services. Preadmission certification includes concurrent/length-of-stay review for inpatient admissions. This notice is required in advance of being admitted for inpatient care for any type of nonemergency admission and for partial hospitalization.

Minnesota In-Network Providers are required to provide preadmission certification for you.

If you are going to receive nonemergency care from In-Network Providers outside Minnesota or Out-of-Network Providers, you are required to provide preadmission certification to the Claims Administrator. Some of these providers may provide preadmission certification for you. **You are also required to obtain prior authorization for the services related to the inpatient admission. Please refer to "Prior Authorization" in this section. If it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.**

Preadmission certification is required for the following admissions/facilities:
1. Acute rehabilitation (ACR) admissions;
2. Long-term acute care (LTAC) admissions; and
3. Skilled nursing facilities.
To provide preadmission certification, call the Customer Service telephone number in the "Customer Service" section. They will direct your call.

**Emergency Admission Notification**

In order to avoid liability for charges that are not considered medically necessary, you are required to provide emergency admission notification to the Claims Administrator as soon as reasonably possible after an admission for pregnancy, medical emergency, or injury that occurred within 48 hours of the admission.

Minnesota In-Network Providers are required to provide emergency admission notification for you.

If you receive care from In-Network Providers outside Minnesota or Out-of-Network Providers, you are required to provide emergency admission notification to the Claims Administrator. Some of these providers may provide emergency admission notification for you. **If it is found, at the point the claim is processed, that services were not medically necessary, you are liable for all of the charges.**

To provide emergency admission notification, call the Customer Service telephone number provided in the "Customer Service" section. They will direct your call.
CLAIMS PROCEDURES

Claims Filing

You are not responsible for submitting claims for services received from Participating Providers. These providers will submit claims directly to the Claims Administrator for you and payment will be made directly to them. If you receive services from Nonparticipating Providers, you may have to submit the claims yourself. If the provider does not submit the claim for you, send the claim to the Claims Administrator at the address provided in the Customer Service section.

Claims should be filed in writing within 30 days after a covered service is provided. If this is not reasonably possible, the Plan will accept claims for up to 12 months after the date of service. Normally, failure to file a claim within the required time limits will result in denial of your claim. These time limits are waived if you cannot file the claim because you are legally incapacitated. You may be required to provide copies of bills, proof of payment, or other satisfactory evidence showing that you have incurred a covered expense that is eligible for reimbursement.

The Claims Administrator will notify you of the resolution of the claim on an Explanation of Health Care Benefits (EHCB) form within 30 days of the date the Claims Administrator receives the claim. If, due to matters beyond its control, the Claims Administrator is unable to make a determination within 30 days, the Claims Administrator may take an additional 15 days to make a determination and will inform you in advance of the reasons for the extension. If you do not receive a written explanation within 30 days (or 45 days if there has been an extension) you may consider the claim denied, and you may request a review of the denial.

If benefits are denied in whole or in part, the reason for the denial will be listed on the bottom of the EHCB form. You have the right to know the specific reasons for the denial, the provision of the Plan on which the denial was based, and if there is any additional information the Claims Administrator needs to process the claim. You also have the right to an explanation of the claims review procedure and the steps you need to take if you wish to have your claim reviewed. If you have questions that the EHCB form does not answer, please contact the Claims Administrator at the address or telephone numbers provided in the Customer Service section.

Right of Examination

The Claims Administrator and the Plan Administrator each have the right to ask you to be examined by a provider during the review of any claim. The Plan pays for the exam whenever the exam is requested by either the Claims Administrator or the Plan Administrator. Failure to comply with this request may result in denial of your claim.

Release of Records

You agree to allow all health care providers to give the Claims Administrator needed information about the care they provide to you. The Claims Administrator may need this information to process claims, conduct utilization review and quality improvement activities, and for other health plan activities as permitted by law. The Claims Administrator keeps this information confidential, but the Claims Administrator may release it if you authorize release, or if state or federal law permits or requires release without your authorization. If a provider requires special authorization for release of records, you agree to provide this authorization. Your failure to provide authorization or requested information may result in denial of your claim.

Claims Payment

When you use a Participating Provider for covered services, the Plan pays the provider. When you use a Nonparticipating Provider, the Plan pays you. You may not assign your benefits to a Nonparticipating Provider, except when parents are divorced. In that case, the custodial parent may request, in writing, that the Plan pay a Nonparticipating Provider for covered services for a child. When the Plan pays the provider at the request of the custodial parent, the Plan has satisfied its payment obligation. This provision may be waived for certain out-of-state institutional and medical/surgical providers.
The Plan does not pay claims to providers or to eligible employees and/or dependents for services received in countries that are sanctioned by the United States Department of Treasury’s Office of Foreign Assets Control (OFAC), except for medical emergency services when payment of such services is authorized by OFAC. Countries currently sanctioned by OFAC include Cuba, Iran, and Syria. OFAC may add or remove countries from time to time.
Introduction

The Claims Administrator has a process to resolve appeals. You can call or write the Claims Administrator with your appeal. The Claims Administrator will work to resolve your appeal as soon as possible using the appeal process outlined below.

If your appeal concerns a covered health care service or claim, including medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit, you may request an external review of the final decision the Claims Administrator makes about your appeal after you have exhausted the Claims Administrator appeal process.

In addition, you may file your appeal with the Minnesota Commissioner of Commerce at any time by calling 651-296-4026 or toll-free 1-800-657-3602.

Definitions

Adverse Benefit Determination means a denial, reduction, termination, or failure to make payment in whole or in part for a benefit, including those related to eligibility, rescission of coverage, utilization review, or investigative status.

Appeal means any grievance that is not the subject of litigation concerning any aspect of the provision of health services under your SPD. If the appeal is from an applicant, the appeal must relate to the application. If the appeal is from a former member, the appeal must relate to the provision of health services during the period of time the appellant was a member. Any appeal that requires a medical determination in its resolution must have the medical determination aspect of the appeal processed under the utilization review process described below.

Appellant means a member, applicant, or former member, or anyone acting on his or her behalf, who submits an appeal.

Member means an individual who is covered by a health benefit plan.

Process for Appeals that do not Require a Medical Determination

Written Notification

You may submit your appeal in writing, or you may request an appeal form that will include all the necessary information to file your appeal.

The Claims Administrator will notify you that we have received your written appeal.

During the course of the Claims Administrator’s review, the Claims Administrator will provide you with any new evidence that the Claims Administrator considers, relies upon, or generates, as well as any new rationale for a decision.

Within 30 days of receiving your appeal and all necessary information, the Claims Administrator will notify you in writing of the Claims Administrator’s decision and the reasons for the decision. If the Claims Administrator is unable to make a decision within 30 days due to circumstances outside the Claims Administrator’s control, the Claims Administrator may take up to 14 additional days to make a decision. If the Claims Administrator takes more than 30 days to make a decision, the Claims Administrator will inform you in advance of the reasons for the extension.

You may present testimony in the form of written correspondence, including explanations or other information from you, staff persons, administrators, providers, or other persons. You may also present testimony by telephone to a Claims Administrator Appeal Liaison.
External Review

If your appeal concerns a covered health care service or claim, or medical necessity, appropriateness, health care setting, level of care, or effectiveness of a covered benefit, and you believe the Claims Administrator's appeal determination is wholly or partially adverse to you, you or anyone you authorize to act on your behalf, may submit the appeal to external review. External review of your appeal will be conducted by an independent organization under contract with the state of Minnesota. The written request must be submitted to the Minnesota Commissioner of Commerce along with a filing fee. The Commissioner may waive the fee in cases of financial hardship.

Minnesota Department of Commerce
Attention: Consumer Concerns/Market Assurance Division
85 7th Place East, Suite 500
St. Paul, MN 55101-2198

The external review entity will notify you and the Claims Administrator that it has received your request for external review. Within 10 business days of receiving notice from the external review entity, you and the Claims Administrator must provide the external review entity any information to be considered. Both you and the Claims Administrator will be able to present a statement of facts and arguments. You may be assisted or represented by any person of your choice at your expense. The external review entity will send written notice of its decision to you, the Claims Administrator, and the Commissioner within 40 days of receiving the request for external review. The external review entity's decision is binding on the Claims Administrator, but not binding on you.

Process for Appeals When Utilization Review is Necessary

When a medical determination is necessary to resolve your appeal, the Claims Administrator will process your appeal using these utilization review appeal procedures. Utilization review applies a well-defined process to determine whether health care services are medically necessary and eligible for coverage. Utilization review includes a process to appeal decisions not to cover a health care service.

Utilization review applies only when the service requested is otherwise covered under this health plan.

In order to conduct utilization review, the Claims Administrator will need specific information. If you or your attending health care professional do not release necessary information, approval of the requested service, procedure, or admission to a facility may be denied.

Definitions

Attending health care professional means a health care professional with primary responsibility for the care provided to a sick or injured person.

Concurrent review means utilization review conducted during a patient's hospital stay or course of treatment.

Determination not to certify means that the service you or your provider has requested has been found to not be medically necessary, appropriate, or efficacious under the terms of this health plan.

Prior authorization means utilization review conducted prior to the delivery of a service, including an outpatient service.

Provider means a health care professional or facility licensed, certified or otherwise qualified under state law, in the state in which the services are rendered, to provide the health services billed by that provider.

Utilization review means the evaluation of the necessity, appropriateness, and efficacy of the use of health care services, procedures and facilities, by a person or entity other than the attending health care professional, for the purpose of determining the medical necessity of the services or admission.
Determinations

Standard review determination

When a medical determination is required, the Claims Administrator's initial determination will be communicated to you and your provider within 10 business days of the request provided that all information reasonably necessary to make a determination on your request has been made available to the Claims Administrator. When the Claims Administrator authorize services, the Claims Administrator will notify the provider by telephone and in writing. When the Claims Administrator determines not to authorize the services, the Claims Administrator will notify the attending health care professional and hospital by telephone, and notify the attending health care professional, hospital, and member in writing. When a determination is made not to authorize a service, notification by telephone will be made within one (1) working day. Notification will include notice of the right to appeal and how to submit an appeal.

Expedited review determination

The Claims Administrator will use an expedited review determination when the application of a standard review could seriously jeopardize your life or health or if the attending health care professional believes an expedited review is warranted. When an expedited review is requested, the Claims Administrator will notify the attending health care professional, hospital and member of the decision as expeditiously as the member's medical condition requires, but no later than 24 hours from the initial request, unless more information is needed to determine whether the requested benefits are covered. If the expedited determination is to not authorize services, notification will include notice that you and your attending health care professional may submit an expedited appeal, and how to submit an expedited appeal.

Appeals

Standard appeal

You or your attending health care professional may appeal, in writing or by telephone, the Claims Administrator's decision to not authorize services. The decision will be made by a health care professional who did not make the initial decision. The Claims Administrator will notify you and your attending health care professional of our determination within 30 days of receipt of your appeal.

The request for appeal should include:
1. the member's name, identification number and group number;
2. the actual service for which coverage was denied;
3. a copy of the denial letter;
4. the reason why you or your attending health care professional believe coverage for the service should be provided;
5. any available medical information to support your reasons for reversing the denial; and
6. any other information you believe will be helpful to the decision maker.

Expedited appeal

When the Claims Administrator does not authorize services under the expedited appeal procedure described above, and the attending health care professional believes that an expedited appeal is warranted, you and your attending health care professional may request an expedited appeal. You and your attending health care professional may appeal the determination over the telephone. The Claims Administrator's appeal staff will include the consulting physician or health care provider if reasonably available. When an expedited appeal is completed, the Claims Administrator will notify you and your attending health care professional of the decision as expeditiously as the member's medical condition requires, but no later than 72 hours from our receipt of the expedited appeal request. If your health plan is subject to ERISA, and the Claims Administrator's appeal decision is wholly or partially adverse to you, you may file suit in federal district court, or use the external review procedure below.

External Review

If the standard or expedited appeal determination is to not authorize services, you or your attending health care professional may request external review as described above.
This appeal process is subject to change if required or permitted by changes in state or federal law governing appeal procedures.
This section lists covered services and the benefits the Plan pays. All benefit payments are based on the Allowed Amount. Coverage is subject to all other terms and conditions of this Summary Plan Description and must be medically necessary.

NOTES:

- Please see the "Notification Requirements" section.
- All of the above mentioned benefits are subject to medical necessity and eligibility of the proposed treatment. Treatment must occur while you are covered under this Plan.
- Accident-related dental services must be started within six (6) months of the injury.
- The Plan covers anesthesia and inpatient and outpatient hospital charges for dental care provided to a covered person who is a child under age five (5); is severely disabled; or has a medical condition that requires hospitalization or general anesthesia for dental treatment.
- For hospital/facility charges, please refer to "Hospital Inpatient" or "Hospital Outpatient."
- For medical services, please refer to "Hospital Inpatient," "Hospital Outpatient," "Physician Services," etc.
- Services for surgical and nonsurgical treatment of temporomandibular joint (TMJ) disorder and craniomandibular disorder must be covered on the same basis as any other body joint and administered or prescribed by a physician or dentist.
- Bone grafts for the purpose of reconstruction of the jaw is a covered service, but not for the sole purpose of supporting a dental implant, dentures or a dental prosthesis.
- A sound and healthy natural tooth is a viable tooth (including natural supporting structures) that is free from disease that would prevent continual function of the tooth for at least one (1) year. In the case of primary (baby) teeth, the tooth must have a life expectancy of one (1) year. A dental implant is not a sound and healthy natural tooth.

NOT COVERED:

- all orthodontia, except as specified in the "Benefit Chart"
- dental services to treat an injury from biting or chewing
- dentures, regardless of the cause or the condition, and any associated services and/or charges, including bone grafts
- dental implants, except as specified in the "Benefit Chart"
- removal of impacted teeth and/or tooth extractions and any associated charges including but not limited to: imaging studies and pre-operative examinations, except as specified in the "Benefit Chart"
- replacement of a damaged dental bridge from an accident-related injury

### NOT COVERED:

- osteotomies and other procedures associated with the fitting of dentures or dental implants, except as specified in the "Benefit Chart"
- services for or related to oral surgery and anesthesia for removal of a tooth root without removal of the whole tooth, except as specified in the "Benefit Chart"
- root canal therapy, except as specified in the "Benefit Chart"
- accident-related dental services started more than six (6) months after the injury

NOTES:

• Please see the "Notification Requirements" section.
• If more than one (1) surgical procedure is performed during the same operative session, the Plan covers the surgical procedures based on the Allowed Amount for each procedure. The Plan does not cover a charge separate from the surgery for pre- and post-operative care.
• The Plan covers treatment of diagnosed Lyme disease on the same basis as any other illness.
• If the following services are covered under your Plan, you are entitled to receive care at the In-Network level for the following services from providers who are not affiliated with the Claims Administrator:
  • the voluntary planning of the conception and bearing of children;
  • the diagnosis of infertility;
  • the testing and treatment of a sexually transmitted disease; or
  • the testing of AIDS or other HIV-related conditions.
• The Plan covers certain physician services for preventive care. Please refer to "Preventive Care."
• The Plan covers the following kidney donor services when billed under the donor recipient's name and the donor recipient is covered for the kidney transplant under the Plan:
  • potential donor testing;
  • donor evaluation and work-up; and
  • hospital and professional services related to organ procurement.
• Office visits include medical history, medical examination, medical decision making, counseling, coordination of care, nature of presenting problem, and the physician's time.
• E-Visit is an online evaluation and management service provided by a physician using the internet or similar secure communications network to communicate with an established patient.
• A Retail Health Clinic provides medical services for a limited list of eligible symptoms (e.g., sore throat, cold). If the presenting symptoms are not on the list, the member will be directed to seek services from a physician or hospital. Retail Health Clinics are staffed by eligible nurse practitioners or other eligible providers that have a practice arrangement with a physician. The list of available medical services and/or treatable symptoms is available at the Retail Health Clinic. Access to Retail Health Clinic services is available on a walk-in basis.
• The Plan covers outpatient palliative care for members with a new or established diagnosis of progressive debilitating illness, including illness which may limit the member’s life expectancy to two (2) years or less. The services must be within the scope of the provider’s license to be covered. Palliative care does not include hospice or respite care.
• The Plan covers hearing aid exams/fittings/adjustments for children age 18 and younger.

NOT COVERED:

• repair of scars and blemishes on skin surfaces
• separate charges for pre- and post-operative care for surgery
### NOT COVERED:
- internet or similar network communications for the purpose of: scheduling medical appointments; refilling or renewing existing prescription medications; reporting normal medical test results; providing education materials; updating patient information; requesting a referral; additional communication on the same day as an onsite medical office visit; and services that would similarly not be charged for an onsite medical office visit
- cosmetic surgery to repair a physical defect
- travel expenses for a kidney donor
- kidney donor expenses for complications incurred after the organ is removed if the donor is not covered under this Plan
- kidney donor expenses when the recipient is not covered for the kidney transplant under this Plan
- physician dispensed self-administered prescription drugs for reproduction treatment
- please refer to the "General Exclusions" section

</tbody>
</table>

### NOTES:
- Please see the "Notification Requirements" section.
- Coverage is provided only for prescription drugs, insulin and drug therapy supplies listed on the FlexRx formulary and eligible OTC drugs. For a list of drugs on your specified formulary, contact Customer Service or visit the Claims Administrator’s website.
- You must present your ID card or otherwise provide notice of coverage at the time of purchase to receive the highest level of benefits. If you do not present your ID card or otherwise provide notice of coverage at the time of purchase, the pharmacy will charge you the full amount of the prescription drug. You will be reimbursed based on the discounted pricing. Therefore, in addition to any applicable member cost-sharing, you will also be liable for the difference between the amount the pharmacy charges you for the prescription drug at the time of purchase and any discounted pricing the Claims Administrator has negotiated with participating pharmacies for that prescription drug.
NOTES:

- You have the option to obtain up to a 90-day authorized supply of ongoing, long-term prescription medications through a participating 90dayRx Retail Pharmacy or Mail Service Pharmacy for your ongoing, long-term refills. You may visit the Claims Administrator's website or contact Customer Service to locate a retail pharmacy participating in the 90dayRx Network or Mail Service Pharmacy.
- Specialty drugs are designated complex injectable and oral drugs generally covered up to a 31-day supply that have very specific manufacturing, storage, and dilution requirements. Specialty drugs are drugs including, but not limited to drugs used for: infertility; growth hormone treatment; multiple sclerosis; rheumatoid arthritis; hepatitis C; and hemophilia. A current list of designated Specialty prescription drugs and suppliers is available at the Claims Administrator's website or contact Customer Service. Specialty drugs are not available through 90dayRx.
- Prescription drugs and diabetic supplies are covered in a 31-day supply from a retail pharmacy, or up to a 90-day supply from 90dayRx. Some medications may be subject to a quantity limitation per day supply or to a maximum dosage per day.
- Designated over-the-counter (OTC) drugs are generally covered up to a 31-day supply as an alternative for similar prescription medications, subject to package limitations, at a retail participating pharmacy. OTC drugs are not available through 90dayRx.
- Up to a 3-cycle supply of self-administered contraceptives may be purchased at a retail pharmacy at one time for three (3) copays, or for one (1) copay per cycle.
- The Plan will cover prescription smoking cessation products and Over-the-counter nicotine replacement products with a prescription subject to your prescription drug cost-sharing. Participant's in Stop-Smoking Support may use documented enrollment in place of a prescription for OTC nicotine replacement products. Some quantity limitations may apply.
- If you choose a brand name drug when there is an equivalent generic drug, you will also pay the difference in cost between the brand name and the generic drug, in addition to the applicable member cost-sharing.
- When you have reached your Prescription Drug Out-of-Pocket Maximum, you still pay the difference in cost between the brand name and the generic drug, even though you are no longer responsible for the applicable prescription drug member cost-sharing.
- The following diabetic supplies are covered at the same level as prescription drugs when prescribed by a physician: blood/urine testing tabs/strips; needles and syringes; lancets and insulin.
- The Plan will cover off label drugs used for cancer treatment as specified by law.
- When identical chemical entities including OTC drugs and similar prescription alternatives are from different manufacturers or distributors, the Claims Administrator's Coverage Committee may determine that only one of those drug products is covered and the other equivalent products are not covered.
- Nonformulary antipsychotic drugs prescribed to treat emotional disturbance or mental illness will be covered at the same level as formulary drugs if the prescribing health care professional indicates that the prescription must be Dispense As Written (DAW), and certifies in writing to the Claims Administrator that he/she has determined that the drug prescribed will best treat your condition, unless the drug was removed from the formulary for safety reasons.
- If you are taking a formulary drug to treat mental illness or emotional disturbance that has effectively treated your condition, the drug will be covered at the formulary level for up to one (1) year when either the drug is removed from your specified formulary, or if:
  - you have been treated with the drug for 90 days prior to a change in your specified formulary or a change in your health plan;
  - the prescribing health care professional indicates that the prescription must be DAW; and,
  - the prescribing health care professional certifies in writing to the Claims Administrator that the drug prescribed will best treat your condition.
- The continuing care benefit will be extended annually when the prescribing health care professional indicates that the prescription must be DAW and certifies in writing that the drug prescribed will best treat your condition, unless the drug was removed from the formulary for safety reasons.
- If the prescribing health care professional believes that you need coverage for a drug that is not on your specified formulary, there is a process to request an exception. The health care professional must submit a written Formulary Exception request to the Claims Administrator. This request must indicate that the formulary drug(s) causes an adverse reaction or is contraindicated for the patient, or demonstrates that the nonformulary drug must be DAW to provide maximum benefit to the patient.
- To locate a participating pharmacy in your area, call the pharmacy information telephone number provided in the Customer Service section.
NOTES:

- For drugs dispensed and used during an admission, please refer to "Hospital Inpatient."
- For supplies or appliances, except as provided in this Benefit Chart, please refer to "Medical Equipment, Prosthetics and Supplies."
- Self-administered injectable and oral prescription drugs for or related to reproduction treatments must be obtained through a Specialty pharmacy network supplier and are subject to the lifetime maximum limit of $10,000 per person for all reproduction treatments for all charges and networks combined.
- When you pay for your prescription drugs, insulin, and drug therapy supplies yourself, you are required to submit the drug receipt(s) with the claim form for reimbursement.
- The Plan Administrator and/or the Claims Administrator may receive pharmaceutical manufacturer volume discounts in connection with the purchase of certain prescription drugs covered under the Plan. Such discounts are the sole property of the Plan Administrator and/or Claims Administrator and will not be considered in calculating any coinsurance, copay, or benefit maximums.

NOT COVERED:

- Specialty drugs not purchased through a Specialty pharmacy network supplier
- solid or liquid food, standard and specialized infant formula, banked breast milk, nutritional supplements and electrolyte solution, except if administered by tube feeding and except as specified in the "Benefit Chart"
- drugs removed from the formulary for safety reasons may not be covered
- charges for giving injections that can be self-administered
- over-the-counter drugs, except as specified in the "Benefit Chart"
- vitamin or dietary supplements and, except as specified in the "Benefit Chart"
- investigative or non-FDA approved drugs, except as required by law
- over-the-counter smoking cessation drugs without a prescription or documented enrollment in Stop-Smoking Support
- prescription drugs, insulin, and drug therapy supplies not listed in your specified formulary
- non-prescription supplies such as alcohol, cotton balls and alcohol swabs
- selected drugs or classes of drugs which have shown no benefit regarding efficacy, safety or side effects
- please refer to the "General Exclusions" section

- living donor organ and/or tissue transplants unless otherwise specified in this SPD
- transplantation of animal organs and/or tissue
- please refer to the "General Exclusions" section
DEFINITIONS:

- **BDCT Provider** means a hospital or other institution that has a contract with the Blue Cross and Blue Shield Association* to provide human organ, bone marrow, cord blood, and peripheral stem cell transplant procedures. These providers have been selected to participate in this nationwide network based on their ability to meet defined clinical criteria that are unique for each type of transplant. Once selected for participation, institutions are re-evaluated annually to insure that they continue to meet the established criteria for participation in this network.
- **Participating Transplant Provider** means a hospital or other institution that has a contract with Blue Cross and Blue Shield of Minnesota or with their local Blue Cross and/or Blue Shield Plan to provide human organ, bone marrow, cord blood, and peripheral stem cell transplant procedures.
- **Transplant Payment Allowance** means the amount the Plan pays for covered services to a BDCT Provider or a Participating Transplant Provider for services related to human organ, bone marrow, cord blood, and peripheral stem cell transplant procedures in the agreement with that provider.

*An association of independent Blue Cross and Blue Shield Plans.
**BENEFIT SUBSTITUTION**

Benefit substitution, a process of substituting one (1) covered benefit for another covered benefit, is used by the Claims Administrator's care/case managers to facilitate care/case management plans for patients with complex health care needs. The benefit substitution process will be used only when:

1. a care/case management plan is developed in collaboration with the patient and the health care provider prior to the services being provided; and
2. a physician writes an order stating the services to be provided are medically necessary; and
3. the services being provided under the care/case management plan meet the skilled care requirements of the benefit to be used; and
4. the services do not exceed the Allowed Amount of the benefit being used.

The benefit substitution process cannot be applied retrospectively, and benefit substitution cannot be used to allow coverage for services or supplies excluded by the Plan.

The decision to use the benefit substitution process is a collaborative decision between the Claims Administrator's care/case managers, the patient or patient's representative(s), and health care provider. The decision to use the benefit substitution process in a particular case in no way commits the Claims Administrator to do so at another point in the same case or in another case, nor does it prevent the Claims Administrator from strictly applying the express benefits, limitations and exclusions of the Plan at any other time or for any other insured person.
GENERAL EXCLUSIONS

The Plan does not pay for:

1. Treatment, services, or supplies which are not medically necessary.

2. Charges for or related to care that is investigative, except for certain routine care for approved cancer clinical trials by approved investigators at qualified performance sites and approved by the Claims Administrator in advance of treatment.

3. Any portion of a charge for a covered service or supply that exceeds the Allowed Amount, except as specified in the "Benefit Chart."

4. Services that are provided without charge, including services of the clergy.

5. Services performed before the effective date of coverage, and services received after your coverage terminates, even though your illness started while coverage was in force.

6. Services for or related to therapeutic acupuncture, except for the treatment of chronic pain when treatment is provided through a comprehensive pain management program or for the prevention and treatment of nausea associated with surgery, chemotherapy, or pregnancy.

7. Services that are provided for the treatment of an employment related injury for which you are entitled to make a worker's compensation claim unless the worker's compensation carrier has disputed the claim.

8. Charges that are eligible, paid or payable under any automobile personal injury protection that is payable without regard to fault.

9. Services a provider gives to himself/herself or to a close relative (such as spouse, brother, sister, parent, grandparent, and/or child).

19. Services for or related to mental illness not listed in the most recent edition of the International Classification of Diseases.

20. Services or confinements ordered by a court or law enforcement officer that are not medically necessary.
21. Evaluations that are not performed for the purpose of diagnosing or treating mental health or substance abuse conditions such as: custody evaluations; parenting assessments; education classes for Driving Under the Influence (DUI)/Driving While Intoxicated (DWI) offenses; competency evaluations; adoption home status; parental competency; and domestic violence programs.

22. Services for or related to room and board for foster care, group homes, shelter care, and lodging programs, halfway house services, and skills training.

23. Services for or related to marriage/couples training for the primary purpose of relationship enhancement including, but not limited to: premarital education; or marriage/couples retreats, encounters, or seminars.

24. Services for or related to marriage/couples therapy/counseling not related to the treatment of a covered member's diagnosable mental health disorder.

25. Services for or related to therapeutic support of foster care (services designed to enable the foster family to provide a therapeutic family environment or support for the foster child's improved functioning); treatment of learning disabilities; therapeutic day care and therapeutic camp services; and hippotherapy (equine movement therapy).

26. Charges made by a health care professional for televideo conferencing services, email, and physician/patient telephone consultations, except for eligible E-Visits and as specified in the "Benefit Chart."

27. Services for or related to substance abuse or addictions that are not listed in the most recent edition of the International Classification of Diseases.

28. Services for or related to substance abuse interventions, defined as a meeting or meetings, with or without the affected person, of a group of people who are concerned with the current behavioral health of a family member, friend or colleague, with the intent of convincing the affected person to enter treatment for the condition.

29. Services for or related to therapeutic massage.

30. Dentures, regardless of the cause or condition, and any associated services and/or charges, including bone grafts.

31. Dental implants, and associated services and/or charges, except when related to services for cleft lip and palate that are scheduled or initiated prior to the member turning age 19.

32. Services for or related to the replacement of a damaged dental bridge from an accident-related injury.

33. Services for or related to oral surgery and anesthesia for the removal of impacted teeth.

34. Services for or related to oral surgery and anesthesia for removal of a tooth root without removal of the whole tooth.

35. Services for or related to oral surgery and anesthesia for root canal therapy.

36. Services for or related to dental or oral care, treatment, orthodontics, surgery, supplies, anesthesia or facility charges, and bone grafts, except as specified in the "Benefit Chart."

37. Room and board expenses in a residential hospice facility.

38. Inpatient hospital room and board expense that exceeds the semiprivate room rate, unless a private room is approved by the Claims Administrator as medically necessary.

39. Admission for diagnostic tests that can be performed on an outpatient basis.

40. Services for or related to private-duty nursing, except as required by Minnesota law.

41. Personal comfort items such as telephone, television, etc.

42. Communication services provided on an outpatient basis or in the home.

Services and supplies that are primarily and customarily used for a nonmedical purpose or used for environmental control or enhancement (whether or not prescribed by a physician), including, but not limited to: exercise equipment; air purifiers; air conditioners; dehumidifiers; heat/cold appliances; water purifiers; hot tubs; whirlpools; hypoallergenic mattresses; waterbeds; computers and related equipment; car seats; feeding chairs; pillows; food or weight scales; and incontinence pads or pants.

51. Modifications to home, vehicle, and/or the workplace, including vehicle lifts and ramps.

52. Blood pressure monitoring devices.

53. Foot orthoses, except as specified in the "Benefit Chart."

54. Communication devices, except when exclusively used for the communication of daily medical needs and without such communication the patient’s medical condition would deteriorate.

55. Services for or related to lenses, frames, contact lenses, and other fabricated optical devices or professional services for the fitting and/or supply thereof, including the treatment of refractive errors such as radial keratotomy, except as specified in the "Benefit Chart."

56. Services for or related to hearing aids or devices, except as specified in the "Benefit Chart."

57. Nonprescription supplies such as alcohol, cotton balls, and alcohol swabs.

58. Services primarily educational in nature, except as specified in the "Benefit Chart."

59. Services for or related to vocational rehabilitation (defined as services provided to an injured employee to assist the employee to return to either their former employment or a new position, or services to prepare a person with disabilities for employment), except when medically necessary and provided by an eligible health care provider.

60. Physical, occupational and speech therapy services for or related to learning disabilities and disorders, except when medically necessary and provided by an eligible health care provider.

61. Services and fees for or related to health clubs and spas.

62. Services for or related to rehabilitation services that are not expected to make measurable or sustainable improvement within a reasonable period of time, unless they are medically necessary and part of specialized maintenance therapy for the member's condition.

63. Custodial care.
64. Services for or related to recreational therapy (defined as the prescribed use of recreational or other activities as treatment interventions to improve the functional living competence of persons with physical, mental, emotional, and/or social disadvantages), educational therapy (defined as special education classes, tutoring, and other nonmedical services normally provided in an educational setting), or forms of nonmedical self-care or self-help training, including, but not limited to: health club memberships; aerobic conditioning; therapeutic exercises; work hardening programs; etc., and all related material and products for these programs.

65. Services for or related to functional capacity evaluations for vocational purposes and/or the determination of disability or pension benefits.

66. Services for or related to the repair of scars and blemishes on skin surfaces.

67. Fees dues, nutritional supplements, food, vitamins, and exercise therapy, for or related to weight loss programs.

68. Services for or related to cosmetic health services or reconstructive surgery and related services, and treatment for conditions or problems related to cosmetic surgery or services, except as specified in the "Benefit Chart."

69. Services for or related to travel expenses for a kidney donor; kidney donor expenses for complications incurred after the organ is removed if the donor is not covered under this Plan; and kidney donor expenses when the recipient is not covered under this Plan.

70. Services for or related to any treatment, equipment, drug, and/or device that the Claims Administrator determines does not meet generally accepted standards of practice in the medical community for cancer and/or allergy testing and/or treatment: services for or related to homeopathy, or chelation therapy that the Claims Administrator determines is not medically necessary.

71. Services for or related to gene therapy as a treatment for inherited or acquired disorders.

72. Services for or related to growth hormone replacement therapy except for conditions that meet medical necessity criteria.

73. Autopsies.

74. Charges for failure to keep scheduled visits.

75. Charges for giving injections that can be self-administered.

76. Internet or similar network communications for the purpose of: scheduling appointments; filling or renewing existing prescription medications; reporting normal medical test results; providing educational materials; updating patient information; requesting a referral; additional communication on the same day as an onsite medical office visit; and services that would similarly not be charged for in an onsite medical office visit.

77. Services for or related to smoking cessation program fees and/or supplies.

78. Charges for over-the-counter drugs, except as specified in the "Benefit Chart."

79. Vitamin or dietary supplements, except as specified in the "Benefit Chart."

82. Over-the-counter smoking cessation drugs without a prescription or documented enrollment in Stop-Smoking Support.

83. Services for or related to preventive medical evaluations for purposes of medical research, obtaining employment or insurance, or obtaining or maintaining a license of any type, unless such preventive medical evaluation would normally have been provided in the absence of the third party request.
84. Services for or related to reproduction treatments when the number of embryos transferred exceeds the current guidelines developed by the Practice Committee of the Society for Assisted Reproductive Technology and the Practice Committee of the American Society for Reproductive Medicine.

85. Charges for physician dispensed self-administered prescription drugs for reproduction treatments.

86. Services, supplies, drugs and aftercare for or related to artificial or nonhuman organ implants.

87. Services, chemotherapy, radiation therapy (or any therapy that results in marked or complete suppression of blood producing organs), supplies, drugs and aftercare for or related to bone marrow and peripheral stem cell support procedures that are considered investigative or not medically necessary.

88. Services for or related to fetal tissue transplantation.
**ELIGIBILITY**

*Eligible Employees*

Retirees must contact the Plan Administrator for eligibility information.

This Plan covers only those employees who work in the United States (U.S.) or its Territories. Employees who work and reside in foreign countries are not eligible for coverage. Employees who are U.S. citizens or permanent residents of the U.S. working outside of the U.S. on a temporary basis are eligible.

*Eligible Dependents*

**NOTE:** If both you and your spouse are employees of the employer, you may be covered as either an employee or as a dependent, but not both. Your eligible dependent children may be covered under either parent’s coverage, but not both.

**Spouse**

1. Married spouse.

2. Domestic Partner of the unmarried employee. An adult whom the Plan Administrator determines:
   a. is in a committed and mutually exclusive relationship, jointly responsible for the domestic partner’s welfare and financial obligations; and
   b. is at least 18 years of age and unmarried; and
   c. resides with the domestic partner in the same principal residence and intends to do so permanently; and
   d. is not a blood relative of the domestic partner; and
   e. is of the same gender as the other domestic partner; and
   f. is mentally competent.

**Dependent Children**

1. Unmarried children of the domestic partner of the employee to age 26.

3. Legally adopted children and children placed with you for legal adoption to age 26. Date of placement means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child’s placement with a person terminates upon the termination of the legal obligation of total or partial support.

5. Dependent children for whom you or your spouse have been appointed legal guardian to age 26.

6. Grandchildren to age 26 who live with you continuously from birth and are financially dependent upon you.

7. Otherwise eligible children of the employee who are required to be covered by reason of a Qualified Medical Child Support Order (QMCSO), as defined in Minnesota statute §518A.41. The Plan has detailed procedures for determining whether an order qualifies as a QMCSO. You and your dependents can obtain, without charge, a copy of such procedures from the Plan Administrator.
Disabled Dependents

1. Unmarried disabled dependent children who reach the limiting age while covered under this Plan if all of the following apply:
   a. primarily dependent upon you;
   b. are incapable of self-sustaining employment because of physical disability, developmental disability, mental illness, or mental disorders;
   c. for whom application for extended coverage as a disabled dependent child is made within 31 days after reaching the age limit. After this initial proof, the Claims Administrator may request proof again two (2) years later, and each year thereafter; and
   d. must have become disabled prior to reaching limiting age.

2. Disabled dependents if both of the following apply:
   a. incapable of self-sustaining employment by reason of developmental disability, mental illness or disorder, or physical disability; and
   b. chiefly dependent upon the group member for support and maintenance.

Preexisting Condition Limitation for Late Entrants - age 19 and older

A preexisting condition limitation applies to Late Entrants - age 19 and older. A preexisting condition is defined as a medical condition for which medical advice, diagnosis, care, or treatment was recommended or received during the six (6) months immediately preceding the enrollment date.

For such a condition, benefits for you and your covered dependents will be payable only after a period of 18 consecutive months beginning from the enrollment date. This period will be reduced by any prior continuous qualifying creditable coverage, provided no gap in coverage greater than 63 days has occurred. At your request and with appropriate authorization the Claims Administrator will assist you in obtaining a certificate of creditable coverage from your prior plan.

Preexisting condition does not include genetic information alone in the absence of a diagnosis for a condition related to the genetic information, or an existing pregnancy.

Effective Date of Coverage

Coverage for you or your eligible dependents who were eligible on the effective date of the Plan will take effect on that date.

Adding New Employees

1. If the Plan Administrator receives your application within 30 days after you become eligible, coverage for you and your eligible dependents starts on the first of the month following the date of eligibility. Renewal changes are approved for June 1st.

2. If the Plan Administrator receives your application more than 30 days after you become eligible, you and your eligible dependents will be considered a Late Entrant unless you meet the requirements of the special enrollment period. Please refer to "Coverage Effective Date for Late Entrants" in this section to determine when coverage will begin.
Adding New Dependents

This section outlines the time period for application and the date coverage starts.

Adding spouse and/or stepchildren

1. If the Plan Administrator receives the application within 30 days of the date of marriage, coverage for your spouse and/or stepchildren starts on the date of marriage.

2. If the Plan Administrator receives the application more than 30 days after the date of marriage, your spouse and/or stepchildren will be considered Late Entrants unless your spouse and/or stepchildren meet the requirements of the Special Enrollment Period. Please refer to "Coverage Effective Date for Late Entrants" in this section to determine when coverage will begin.

Adding newborns and children placed for adoption

The Plan Administrator requests that you submit written application to add your newborn child or newborn grandchild within 90 days of the date of birth. Coverage for your newborn child or newborn grandchild starts on the date of birth.

The Plan Administrator requests that you submit written application to add your adopted child within 90 days of the date of placement. Coverage for your adopted child starts on the date of placement.

Adding disabled children or disabled dependents

A disabled dependent may be added to the Plan if the disabled dependent is otherwise eligible under the Plan. Coverage starts the first of the month following the day the Plan Administrator receives the application. A disabled dependent will not be denied coverage and will not be subject to any preexisting condition limitation period.

Special Enrollment Periods

Special enrollment periods are periods when an eligible employee or dependent may enroll in the health plan under certain circumstances after they were first eligible for coverage. The eligible circumstances are: 1) a loss of other group health plan coverage; 2) loss of Medical Assistance (Medicaid) or Children's Health Insurance Program (CHIP) coverage; 3) eligibility for premium assistance; or 4) acquiring a new dependent. The request for enrollment must be within 30 days (unless otherwise noted) of the eligible circumstance.

Newborns, newborn grandchildren, and children placed for adoption are eligible as of the date of birth, adoption or placement for adoption - see “Eligible Dependents” in the "Eligibility” section.

1. Loss of Group Health Plan Coverage

   Employees or dependents who are eligible but not enrolled in the health plan may enroll for coverage in the health plan as special enrollees upon a loss of other health plan coverage if all of the following conditions are met:

   a. the employee or dependent was covered under a group health plan or other health insurance coverage at the time coverage was previously offered to the employee or dependent;

   b. the employee must complete any required written waiver of coverage and state in writing that, at such time, other health insurance coverage was the reason for declining enrollment;

   c. the employee’s or dependent’s coverage is terminated because: his/her COBRA continuation has been exhausted (not due to failure to pay premium or for cause), he/she is no longer eligible for the plan due to a divorce, death of the employee, termination of employment, reduction in hours, cessation of dependent status, all employer contributions towards the coverage were terminated, the individual no longer lives or works in an HMO service area, or the individual incurs a claim that would meet or exceed a lifetime limit on all benefits; and

   d. the employee or dependent requests enrollment not later than 30 days after the termination of coverage or employer contribution, or the meeting or exceeding of the lifetime limit on all benefits.
Coverage for employees or dependents (other than newborns, newborn grandchildren and children placed for adoption – see “Eligibility” section) who are eligible to enroll in the Plan under the Special Enrollment Periods provision will be effective the day after the termination of prior coverage or the date of claim denial due to meeting or exceeding the lifetime limit on all benefits.

2. Loss of Medical Assistance (Medicaid) or Children's Health Insurance Program (CHIP) Coverage

Employees or dependents who are eligible but not enrolled in the health plan may enroll for coverage in the health plan as special enrollees upon the loss of Medicaid or CHIP coverage if all the following conditions are met:

a. the employee or dependent was covered under Medicaid or CHIP at the time coverage was previously offered to the group member or dependent;

b. the employee must complete any required written waiver of coverage and state in writing that, at such time, Medicaid or CHIP coverage was the reason for declining enrollment; and

c. the employee or dependent must request enrollment no later than 60 days after the termination of Medicaid or CHIP coverage.

3. Eligibility for Premium Assistance

Employees or dependents who are eligible but not enrolled in the health plan may enroll for coverage in the health plan as special enrollees upon becoming eligible for premium assistance through the Medical Assistance (Medicaid) or Children's Health Insurance Program (CHIP) if all the following conditions are met:

a. the employer must submit any required documentation indicating that the employee and/or dependents are eligible for premium assistance through Medicaid or CHIP; and;

b. the employee or dependent must request enrollment no later than 60 days after becoming eligible for premium assistance through Medicaid or CHIP.

4. Acquiring a New Dependent

Eligible employees who are either enrolled or not enrolled in the health plan may enroll themselves and eligible dependents in the health plan as special enrollees when the eligible employee member experiences a marriage, birth, adoption or placement for adoption. These events provide the eligible employee, spouse or child(ren) the opportunity to apply for coverage under the Plan during Special Enrollment Periods.

Coverage for employees or dependents (other than newborns, newborn grandchildren and children placed for adoption – see “Eligibility” section) who are eligible to enroll in the Plan under the Special Enrollment Periods provision will be effective on the date of marriage, birth, adoption or placement for adoption.

Coverage Effective Date for Late Entrants

Late entrants - age 19 and older are subject to a preexisting condition limitation period described in the Preexisting Condition Limitations section. Credit will be given for prior continuous qualifying creditable coverage, provided no gap in coverage greater than 63 days has occurred. Coverage for late entrants starts on the first of the month following the day the late application is received.
TERMINATION OF COVERAGE

Termination Events

Coverage ends on the earliest of the following dates:

1. For you and your dependents, the date on which the Plan terminates.

2. For you and your dependents, the last day of the month during which:
   a. required premiums for coverage were paid, if payment is not received when due. Your payment of premiums to the employer does not guarantee coverage unless the Claims Administrator receives full payment when due. If the Claims Administrator terminates coverage for all employees in the Plan for nonpayment of the premiums, the Claims Administrator will give all employees a 30 day notice of termination prior to the effective date of cancellation using a list of addresses which is updated every 12 months.
   b. you are no longer eligible.
   c. you enter military services for duty lasting more than 31 days.
   d. you request that coverage be terminated.

3. For the spouse, the date the spouse is no longer eligible for coverage. This is the last day of the month during which the employee and spouse divorce or legally separate or the domestic partner no longer meets the domestic partner requirements.

4. For a dependent child, the date the dependent child is no longer eligible for coverage. This is the last day of the month during which:
   a. a covered stepchild is no longer eligible because the employee and spouse divorce or legally separate.
   b. a covered dependent is no longer eligible because the employee and the domestic partner terminate their domestic partnership.
   c. the dependent child marries or reaches the dependent-child age limit.
   d. the dependent child becomes eligible for coverage as an employee under any employer-sponsored health plan other than a group health plan of a parent. Contact the Plan Administrator to determine if applicable to your plan.
   e. the disabled dependent is no longer eligible.
   f. the dependent grandchild is no longer eligible.

5. The date charges are incurred that result in payment up to the lifetime maximum.

Retroactive Termination

If the Plan Administrator erroneously enrolled the employee or dependent in the Plan and subsequently requests that coverage be terminated retroactive to the effective date of coverage, coverage will remain in force to a current paid-to-date unless the Plan Administrator obtains and forwards to the Claims Administrator the employee’s or dependent’s written consent authorizing retroactive termination of coverage. If written consent is not obtained and forwarded to the Claims Administrator with the cancellation request, the Plan Administrator must pay the required charges for the employee’s or dependent’s coverage in full to the current paid-to-date.
Certification of Coverage

When you or your covered dependents terminate coverage under the Plan, a certification of coverage form will be issued to you specifying your coverage dates under the health plan and any waiting periods you were required to satisfy. The certification of coverage form will contain all the necessary information another health plan will need to determine if you have prior continuous coverage that should be credited toward any preexisting condition limitation period. Health plans will require that you submit a copy of this form when you apply for coverage.

The certification of coverage form will be issued to you if you request it before losing coverage or when you terminate coverage with the Plan and, if applicable, at the expiration of any continuation period. The Claims Administrator will also issue the certification of coverage form if you request a copy at any time within the 24 months after your coverage terminates. To request a Certification of Coverage form, please contact the Claims Administrator at the address or telephone number listed in the Customer Service section or refer to your Identification (ID) card.

Extension of Benefits

If you or your dependent is confined as an inpatient on the date coverage ends due to the replacement of the Claims Administrator, the Plan will automatically extend coverage until the date you or your dependent is discharged from the facility or the date Plan maximums are reached, whichever is earlier. Coverage is extended only for the person who is confined as an inpatient, and only for inpatient charges incurred during the admission. For purposes of this provision, “replacement” means that the administrative service agreement with the Claims Administrator has been terminated and your employer maintains continuous group coverage with a new claims administrator or insurer.

Continuation and Conversion

You or your covered dependents may continue this coverage if coverage ends due to one of the qualifying events listed below. You and your eligible dependents must be covered on the day before the qualifying event in order to continue coverage.

Qualifying Events

If you are the employee and are covered, you have the right to elect continuation coverage if you lose coverage because of any one (1) of the following qualifying events:

- Voluntary or involuntary termination of your employment (for reasons other than gross misconduct).
- Reduction in the hours of your employment (layoff, leave of absence, strike, lockout, change from full-time to part-time employment).
- Total disability - Total disability means the employee’s inability to engage in or perform the duties of the employee’s regular occupation or employment.

If you are the spouse of a covered employee, you have the right to elect continuation coverage if you lose coverage because of any of the following qualifying events:

- The death of the employee.
- A termination of the employee’s employment (as described above) or reduction in the employee’s hours of employment.
- Entering of decree or judgment of divorce or legal separation from the employee. (This includes if the employee terminates coverage in anticipation of the divorce or legal separation. A later divorce or legal separation is considered a qualifying event even though you lost coverage earlier. You must notify the Plan Administrator within 60 days after the later divorce or legal separation and establish that your coverage was terminated in anticipation of the divorce or legal separation. Continuation coverage may be available for the period after the divorce or legal separation.)
- The employee becomes enrolled in Medicare.
- The employee becomes totally disabled (as defined above).
A dependent child of a covered employee has the right to elect continuation coverage if he or she loses coverage because of any of the following qualifying events:

- The death of the employee.
- The termination of the employee's employment (as described above) or reduction in the employee's hours of employment with the employer.
- Parents’ divorce or legal separation.
- The employee becomes enrolled in Medicare.
- The dependent ceases to be a "dependent child" under the Plan.
- The total disability of the employee (as defined above).

Your Notice Obligations

You and your dependents must notify the employer of any of the following events within 60 days of the occurrence of the event:

- Divorce or legal separation;
- A dependent child no longer meets the Plan's eligibility requirements.

If you or your dependents do not provide this required notice, any dependent who loses coverage is NOT eligible to elect continuation coverage. Furthermore, if you or your dependents do not provide this required notice, you or your dependent must reimburse any claims mistakenly paid for expenses incurred after the date coverage actually terminates.

Note: Disability Extensions also require specific notice. See below for these notification requirements.

When you notify the employer of a divorce, legal separation, or a loss of dependent status, the employer will notify the affected family member(s) of the right to elect continuation coverage. If you notify the employer of a qualifying event or disability determination and the employer determines that there is no extension available, the employer will provide an explanation as to why you or your dependents are not entitled to elect continuation coverage.

Employer’s and Plan Administrator’s Notice Obligations

The employer has 30 days to notify the Plan Administrator of events they know have occurred, such as termination of employment or death of the employee. This notice to the Plan Administrator does not occur when the Plan Administrator is the employer. After plan administrators are notified of the qualifying event, they have 14 days to send the qualifying event notice. Qualified beneficiaries have 60 days to elect continuation coverage. The 60-day time frame begins on the date coverage ends due to the qualifying event or the date of the qualifying-event notice, whichever is later.

The employer will also notify you and your dependents of the right to elect continuation coverage after receiving notice that one of the following events occurred and resulted in a loss of coverage: the employee’s termination of employment (other than for gross misconduct), reduction in hours, death, or the employee’s becoming enrolled in Medicare.

Election Procedures

You and your dependents must elect continuation coverage within 60 days after coverage ends, or, if later, 60 days after you or your family member receive notice of the right to elect continuation coverage. If you or your dependents do not elect continuation coverage within this 60-day election period, you will lose your right to elect continuation coverage.

You may waive your right to continuation coverage during the 60-day election period. If you do so, you may later revoke your waiver during the same 60-day election period. Revoking your waiver will result in continuation coverage beginning on the day after the plan administrator receives your revocation.
You or your dependent spouse may elect continuation coverage for all qualifying family members; however, each qualified beneficiary is entitled to an independent right to elect continuation coverage. Therefore, a spouse/ex-spouse may not decline coverage for the other spouse/ex-spouse and a parent cannot decline coverage for a non-minor dependent child who is eligible to continue coverage. In addition, a dependent may elect continuation coverage even if the covered employee does not elect continuation coverage.

You and your dependents may elect continuation coverage even if covered under another employer-sponsored group health plan or enrolled in Medicare.

How to Elect

Contact the employer to determine how to elect continuation coverage.

Type of Coverage

Generally, continuation coverage is the same coverage that you or your dependent had on the day before the qualifying event. Anyone who is not covered under the Plan on the day before the qualifying event is generally not entitled to continuation coverage. Exceptions include: 1) when coverage was eliminated in anticipation of a divorce or legal separation, the later divorce or legal separation is considered a qualifying event even though the ex-spouse/spouse lost coverage earlier; and 2) a child born to or placed for adoption with the covered employee during the period of continuation of coverage may be added to the coverage for the duration of the qualified beneficiary's maximum continuation period.

Qualified beneficiaries are provided the same rights and benefits as similarly situated beneficiaries for whom no qualified event has occurred. If coverage is modified for similarly situated active employees or their dependents, then continuation coverage will be modified in the same way. Examples: 1) If the employer offers an open enrollment period that allows active employees to switch between plans without being considered late entrants, all qualified beneficiaries on continuation are allowed to switch plans as well; and 2) if active employees are allowed to add new spouses to coverage if the application for coverage is received within 30 days of the marriage, qualified beneficiaries who get married while on continuation are afforded this same right.

Maximum Coverage Period is Three (3) Months

Continuation coverage terminates before the maximum coverage period in certain situations described later under the heading "Termination of Continuation Coverage Before the End of the Maximum Coverage Period." In other instances, the maximum coverage period can be extended as described under the heading "Extension of Maximum Coverage Periods."

Continuation Premiums

Premiums for continuation can be up to the group rate plus a two (2) percent administration fee.

Termination of Continuation Coverage Before the End of Maximum Coverage Period

Continuation coverage of the employee and dependents will automatically terminate when any one of the following events occurs:

- The employer no longer provides group health coverage to any of its employees.
- The premium for the qualified beneficiary's continuation coverage is not paid when due.
- After electing continuation, you or your dependents become covered under another group health plan that has no exclusion or limitation with respect to any preexisting condition that you have. Your continuation coverage will terminate after any applicable exclusion or limitation no longer applies.
- Occurrence of any event (e.g., submission of fraudulent benefit claims) that permits termination of coverage for cause with respect to any covered employees or their dependents whether or not they are on continuation coverage.
- Voluntarily canceling your continuation coverage.
When termination takes effect earlier than the end of the maximum period of continuation coverage, a notice will be sent from the Plan Administrator. The notice will contain the reason continuation coverage has been terminated, the date of the termination, and any rights to elect alternative coverage that may be available.

Children Born to or Placed for Adoption With the Covered Employee During Continuation Period

A child born to, adopted by or placed for adoption with a covered employee during a period of continuation coverage is considered to be a qualified beneficiary provided that the covered employee is a qualified beneficiary and has elected continuation coverage for himself/herself. The child’s continuation coverage begins on the date of birth, adoption, or placement for adoption as outlined in the Eligibility section, and it lasts for as long as continuation coverage lasts for other family members of the employee.

Open Enrollment Rights and Special Enrollment Rights

Qualified beneficiaries who have elected continuation will be given the same opportunity available to similarly-situated active employees to change their coverage options or to add or eliminate coverage for dependents at open enrollment. Special enrollment rights apply to those who have elected continuation. Except for certain children described above, dependents who are enrolled in a special enrollment period or open enrollment period do not become qualified beneficiaries – their coverage will end at the same time that coverage ends for the person who elected continuation and later added them as dependents.

Address Changes, Marital Status Changes, Dependent Status Changes and Disability Status Changes

If your or your dependent’s address changes, you must notify the Plan Administrator in writing so the Plan Administrator may mail you or your dependent important continuation notices and other information. Also, if your marital status changes or if a dependent ceases to be a dependent eligible for coverage under the terms of the Plan, you or your dependent must notify the Plan Administrator in writing. In addition, you must notify the Plan Administrator if a disabled employee or family member is no longer disabled.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are called to active duty in the uniformed services, you may elect to continue coverage for you and your eligible dependents under USERRA. This continuation right provides you a continuation period to 24 months. You and your eligible dependents qualify for this extension if you are called into active or reserve duty, whether voluntary or involuntary, in the Armed Forces, the Army National Guard, the Air National Guard, full-time National Guard duty (under a federal, not a state, call-up), the commissioned corps of the Public Health Services and any other category of persons designated by the President of the United States.

Your employer may have policies and procedures about USERRA. Contact your employer about USERRA policies and procedures.

Questions

If you have general questions about continuation of coverage, please call the telephone number on the back of your ID card for assistance.

Conversion/InterPlan Transfer (IPT)

You or your dependents who are Minnesota residents may convert your coverage to an individual qualified plan. If you or your dependents reside outside of Minnesota, you may request an IPT to another Blue Cross and/or Blue Shield Plan. Conversion and IPT apply if coverage ends because:

1. you become ineligible;
2. your continuation coverage is exhausted;
3. no continuation coverage is available to you; or
4. the Plan ends and is not replaced by continuous group coverage.

If your coverage ends because you become ineligible or leave the Plan, you must apply for conversion/IPT coverage within 62 days after your coverage (or continuation) ends. If your coverage ends because the Plan ends, you must apply for conversion/IPT coverage within 62 days after receiving notice of cancellation of the Plan.
Conversion/IPT coverage and premiums will not be the same as this Plan. Evidence of good health is not required. Regardless of the reason coverage ends, you are not eligible for conversion/IPT if you do not apply within 62 days of losing group coverage.
COORDINATION OF BENEFITS

This section applies when you have health care coverage under more than one (1) plan, as defined below. If this section applies, you should look at the Order of Benefits Rules first to determine which plan determines benefits first. Your benefits under this Plan are not reduced if the Order of Benefits Rules require this Plan to pay first. Your benefits under this Plan may be reduced if another plan pays first.

Definitions

These definitions apply only to this section.

1. "Plan" is any of the following that provides benefits or services for, or because of, medical or dental care or treatment:
   a. group insurance or group-type coverage, whether insured or uninsured. This includes prepayment, group practice, individual practice coverage, and group coverage other than school accident-type coverage;
   b. coverage under a government plan or one required or provided by law; or
   c. individual coverage.

"Plan" does not include a state plan under Medicaid (Title XIX, Grants to States for Medical Assistance Programs, of the United States Social Security Act as amended from time to time). "Plan" does not include any benefits that, by law, are excess to any private or other nongovernmental program.

If any of the above coverages include group and group-type hospital indemnity coverage, "Plan" only includes that amount of indemnity benefits which exceeds $100 a day.

2. "This Plan" means the part of the Plan document that provides health care benefits.

3. "Primary Plan/Secondary Plan" is determined by the Order of Benefits Rules.

When This Plan is a primary plan, its benefits are determined before any other plan and without considering the other plan's benefits. When This Plan is a Secondary Plan, its benefits are determined after those of the other plan and may be reduced because of the other plan's benefits.

When you are covered under more than two (2) plans, This Plan may be a primary plan to some plans, and may be a secondary plan to other plans.

Notes:

a. If you are covered under this Plan and Medicare: This Plan will comply with Medicare Secondary Payor (MSP) provisions of federal law, rather than the Order of Benefits Rules in this section, to determine which Plan is a primary Plan and which is a Secondary Plan. Medicare will be primary and This Plan will be secondary only to the extent permitted by MSP rules. When Medicare is the Primary Plan, this Plan will coordinate benefits up to Medicare's Allowed Amount.

b. If you are covered under this Plan and TRICARE: This Plan will comply with the TRICARE provisions of federal law, rather than the Order of Benefits Rules in this section, to determine which Plan is a Primary Plan and which is a Secondary Plan. TRICARE will be primary and This Plan will be secondary only to the extent permitted by TRICARE rules. When TRICARE is the Primary Plan, this Plan will coordinate benefits up to TRICARE's Allowed Amount.

4. "Allowable expense" means the necessary, reasonable, and customary items of expense for health care, covered at least in part by one (1) or more plans covering the person making the claim. "Allowable expense" does not include an item or expense that exceeds benefits that are limited by statute or This Plan. "Allowable Expense" does not include outpatient prescription drugs, except those eligible under Medicare (see number 3 above).
The difference between the cost of a private and a semiprivate hospital room is not considered an allowable expense unless admission to a private hospital room is medically necessary under generally accepted medical practice or as defined under This Plan.

When a plan provides benefits in the form of services, the reasonable cash value of each service rendered will be considered both an allowable expense and a benefit paid.

5. "Claim determination period" means a calendar year. However, it does not include any part of the year the person is not covered under This Plan, or any part of a year before the date this section takes effect.

**Order of Benefits Rules**

1. General: When a claim is filed under This Plan and another plan, this Plan is a secondary plan and determines benefits after the other plan, unless:

   a. the other plan has rules coordinating its benefits with This Plan’s benefits; and

   b. the other plan’s rules and This Plan’s rules, in part 2. below, require This Plan to determine benefits before the other plan.

2. Rules: This Plan determines benefits using the first of the following rules that applies:

   a. Nondependent/dependent. the plan that covers the person as an employee, member, or subscriber (that is, other than as a dependent) determines its benefits before the plan that covers the person as a dependent.

   b. Dependent child of parents not separated, or divorced, or not separated through termination of a domestic partner relationship. When This Plan and another plan cover the same child as a dependent of different persons, called "parents":

      1) the plan that covers the parent whose birthday falls earlier in the year determines benefits before the plan that covers the parent whose birthday falls later in the year; but

      2) if both parents have the same birthday, the plan that has covered the parent longer determines benefits before the plan that has covered the other parent for a shorter period of time.

   However, if the other plan does not have this rule for children of married parents, and instead the other plan has a rule based on the gender of the parent, and if as a result the plans do not agree on the order of benefits, the rule in the other plan determines the order of benefits.

   c. Dependent child of parents divorced or separated, or separated through termination of a domestic partner relationship. If two (2) or more plans cover a dependent child of divorced or separated parents, This Plan determines benefits in this order:

      1) first, the plan of the parent with physical custody of the child;

      2) then, the plan that covers the spouse of the parent with physical custody of the child;

      3) finally, the plan that covers the parent not having physical custody of the child; or

      4) in the case of joint physical custody, b. above applies.

   However, if the court decree requires one (1) of the parents to be responsible for the health care expenses of the child, and the plan that covers that parent has actual knowledge of that requirement, that plan determines benefits first. This does not apply to any claim determination period or plan year during which any benefits are actually paid or provided before the plan has that actual knowledge.

   d. Active/inactive employee. The Plan that covers a person as an employee who is neither laid-off nor retired (or as that employee’s dependent) determines benefits before a plan that covers that person as a laid-off or retired employee (or as that employee’s dependent). If the other plan does not have this rule, and if as a result the plans do not agree on the order of benefits, then this rule is ignored.
e. Longer/shorter length of coverage. If none of the above determines the order of benefits, the plan that has covered an employee, member, or subscriber longer determines benefits before the plan that has covered that person for the shorter time.

**Effect on Benefits of This Plan**

1. When this section applies: When the Order of Benefits Rules above require This Plan to be a Secondary Plan, this part applies. Benefits of This Plan may be reduced.

2. Reduction in This Plan's benefits

   When the sum of:

   a. the benefits payable for allowable expenses under This Plan, without applying coordination of benefits; and

   b. the benefits payable for allowable expenses under the other plans, without applying coordination of benefits or a similar provision, whether or not claim is made, exceeds those allowable expenses in a claim determination period. In that case, the benefits of This Plan are reduced so that benefits payable under all plans do not exceed allowable expenses.

   When benefits of This Plan are reduced, each benefit is reduced in proportion and charged against any applicable benefit limit of This Plan. Benefits saved by This Plan due to coordination of benefits saving (credit reserve) are available for payment on future claims during this Plan year. Credit reserve will start over for the next Plan year.

**Right to Receive and Release Needed Information**

Certain facts are needed to apply these coordination of benefits rules. The Claims Administrator has the right to decide which facts are needed. The Claims Administrator may get needed facts from, or give them to, any other organization or person. They do not need to tell, or get the consent of, any person to do this. Each person claiming benefits under this Plan must provide any facts needed to pay the claim.

**Facility of Payment**

A payment made under another plan may include an amount that should have been paid under This Plan. If this happens, This Plan may pay that amount to the organization that made that payment. That amount will then be considered a benefit under This Plan. This Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

**Right of Recovery**

If This Plan pays more than it should have paid under these coordination of benefit rules, This Plan may recover the excess from any of the following:

1. the persons This Plan paid or for whom This Plan has paid;
2. insurance companies; and
3. other organizations.

The amount paid includes the reasonable cash value of any benefits provided in the form of services.
REIMBURSEMENT AND SUBROGATION

The Plan maintains both a right of reimbursement and a right of subrogation. If the Plan pays medical benefits for medical or dental expenses you incur as a result of any act of a third party for which the third party is or may be liable, and you later obtain full recovery, you are obligated to reimburse the Plan for the benefits paid under this coverage. The Plan is entitled to subrogate or be reimbursed by you for any and all compensation or payments received whether as a result of settlements or judgments, including any amounts you may receive from your own insurers.

However, the Plan’s right to reimbursement and subrogation is subject to you obtaining full recovery and subtraction for actual monies paid to account for the pro rata share of your costs, disbursements and reasonable attorney fees, and other expenses incurred in obtaining the recovery from another source, in accordance with Minnesota Statutes 62A.095 and 62A.096, the laws relating to subrogation and reimbursement rights and obligations.

Nothing herein shall limit the Plan’s right to recovery from another source which may otherwise exist at law. For purposes of this provision, full recovery does not include payments made by the Plan to or for your benefit.

You (or your attorney) must provide timely written notice to the Plan of the pending or potential claim, if you make a claim against a third party for damages that include repayment for medical and medically-related expenses incurred for your benefit. Your obligation to give us this notice is stated in Minnesota Statute 62A.096.

Notwithstanding any other law to the contrary, the statute of limitations applicable to the Plan’s rights for reimbursement or subrogation does not commence to run until notice has been given.
GENERAL PROVISIONS

Plan Administration

Plan Administrator

The general administration of the Plan and the duty to carry out its provisions is vested in the Employer. The board of directors will perform such duties on behalf of the Employer, provided it may delegate such duty or any portion thereof to a named person, including employees and agents of the Employer, and may from time to time revoke such authority and delegate it to another person. Any delegation of responsibility must be in writing and accepted by the designated person. Notwithstanding any designation or delegation of final authority with respect to claims, the Plan Administrator generally has final authority to administer the Plan.

Powers and Duties of the Plan Administrator

The Plan Administrator will have the authority to control and manage the operation and administration of the Plan. This will include all rights and powers necessary or convenient to carry out its functions as Plan Administrator. Without limiting that general authority, the Plan Administrator will have the express authority to:

1. construe and interpret the provisions of the Plan and decide all questions of eligibility;
2. prescribe forms, procedures, policies, and rules to be followed by you and other persons claiming benefits under the Plan;
3. prepare and distribute information to you explaining the Plan;
4. receive from you and any other parties the necessary information for the proper administration of eligibility requirements under the Plan;
5. receive, review, and maintain reports of the financial condition and receipts and disbursements of the Plan; and
6. to retain such actuaries, accountants, consultants, third party administration service providers, legal counsel, or other specialists, as it may deem appropriate or necessary for the effective administration of the Plan.

Actions of the Plan Administrator

The Plan Administrator may adopt such rules as it deems necessary, desirable, or appropriate. All determinations, interpretations, rules, and decisions of the Plan Administrator shall be made in its sole discretion and shall be conclusive and binding upon all persons having or claiming to have any interest or right under the Plan, except with respect to claim determinations where final authority has been delegated to the Claims Administrator. All rules and decisions of the Plan Administrator will be uniformly and consistently applied so that all individuals who are similarly situated will receive substantially the same treatment.

The Plan Administrator or the Employer may contract with one (1) or more service agents, including the Claims Administrator, to assist in the handling of claims under the Plan and/or to provide advice and assistance in the general administration of the Plan. Such service agent(s) may also be given the authority to make payments of benefits under the Plan on behalf of and subject to the authority of the Plan Administrator. Such service agent(s) may also be given the authority to determine claims in accordance with procedures, policies, interpretations, rules, or practices made, adopted, or approved by the Plan Administrator.

Nondiscrimination

The Plan shall not discriminate in favor of "highly compensated employees" as defined in Section 105(h) of the Internal Revenue Code, as to eligibility to participate or as to benefits.
**Termination or Changes to the Plan**

No agent can legally change the Plan or waive any of its terms.

The Employer reserves the power at any time and from time to time (and retroactively if necessary or appropriate to meet the requirements of the Internal Revenue Code) to terminate, modify or amend, in whole or in part, any or all provisions of the Plan, provided however, that no modification or amendment shall divest an employee of a right to which he or she is entitled under the Plan. Any amendment to this Plan may be effected by a written resolution adopted by the Board Of Directors. The Plan Administrator will communicate any adopted changes to the employees.

**Funding**

This Plan is a self-insured medical plan funded by contributions from the employer and/or employees. Funds for benefit payments are provided through a special arrangement with your local service cooperative according to the terms of its agreement with the Claims Administrator. Your contributions toward the cost of coverage under the Plan will be determined by the employer each year. The Claims Administrator provides administrative services only and does not assume any financial risk or obligation with respect to providing benefits. The Claims Administrator’s payment of claims is contingent upon the Plan Administrator continuing to provide sufficient funds for benefits.

**Controlling Law**

Except as they may be subject to federal law, any questions, claims, disputes, or litigation concerning or arising from the Plan will be governed by the laws of the state of Minnesota.

**Privacy of Protected Health Information**

Protected Health Information (PHI) is individually identifiable information created or received by a health care provider or a health care plan. This information is related to your past, present, or future health or the payment for such health care. PHI includes demographic information that either identifies you or provides a reasonable basis to believe that it could be used to identify you.

**Restrictions on the Use and Disclosure of Protected Health Information**

The employer may not use or disclose PHI for employment-related actions or decisions. The employer may only use or further disclose PHI as permitted or required by law and will report any use or disclosure of PHI that is inconsistent with the allowed uses and disclosures.

**Separation Between the Employer and the Plan**

The employees, classes of employees or other workforce members below will have access to PHI only to perform the plan administration functions that the employer provides for the plan. The following may be given access to PHI: Human Resources Benefits Administrator. This list includes every employee or class of employees or other workforce members under the control of the employer who may receive PHI relating to the ordinary course of business.

The employees, classes of employees or other workforce members identified above will be subject to disciplinary action and sanctions for any use or disclosure of PHI that is in violation of these provisions. The employer will promptly report such instances to the Plan and will cooperate to correct the problem. The employer will impose appropriate disciplinary actions on each employee or workforce member and will reduce any harmful effects of the violation.

<tr>
<td>Allowed Amount</td>
<td>The amount upon which the Claims Administrator bases payment for a given covered service for a specific provider. The Allowed Amount may vary from one provider to another for the same covered service. All benefits are based on the Allowed Amount, except as specified in the &quot;Benefit Chart&quot;.</td>
</tr>
</tbody>
</table>

The Allowed Amount for Participating Providers

For Participating Providers, the Allowed Amount is the negotiated amount of payment that the Participating Provider has agreed to accept as full payment for a covered service at the time your claim is processed. The Claims Administrator periodically may adjust the negotiated amount of payment at the time your claim is processed for covered services at Participating Providers as a result of expected settlements or other factors. The negotiated amount of payment with Participating Providers for certain covered services may not be based on a specified charge for each service, and the Claims Administrator uses a reasonable allowance to establish a per-service Allowed Amount for such covered services. Through settlements, rebates, and other methods, the Claims Administrator may subsequently adjust the amount due to Participating Providers. These subsequent adjustments will not impact or cause any change in the amount you paid at the time your claim was processed. If the payment to the provider is decreased, the amount of the decrease is credited to the Claims Administrator or the Plan Administrator, and the percentage of the Allowed Amount paid by the Claims Administrator is lower than the stated percentage for the covered service (and the percentage paid by you is higher). If the payment to the provider is increased, the Claims Administrator pays that cost on your behalf, and the percentage of the Allowed Amount paid the Claims Administrator is higher than the stated percentage and the percentage paid by you is lower.

The Allowed Amount for Nonparticipating Providers

In determining the Allowed Amount for Nonparticipating Providers, the Claims Administrator makes no representations that this amount is intended to represent a usual, customary or reasonable charge.

The Allowed Amount for Nonparticipating Provider Professional Services (Physicians or Clinics) in Minnesota

For physician or clinic services by Nonparticipating Providers in Minnesota, except those described under Special Circumstances below, the Allowed Amount is most commonly the amount in the Nonparticipating Provider Professional Services in Minnesota Fee Schedule. You may view this fee schedule at the Claims Administrator's website. You may also contact Customer Service to obtain a copy of the portions of the fee schedule which are relevant to you. These proprietary fee schedules are for the information of the Claims Administrator members only and are not to be used for any other purpose. They are subject to change without notice. You may need to talk with your Nonparticipating Provider to determine what
procedure codes are applicable to the services your Nonparticipating Provider will provide in order to determine which parts of the fee schedule apply.

The Allowed Amount is the lesser of (1) the Nonparticipating Provider Professional Services in Minnesota Fee Schedule, or (2) a designated percentage of the Nonparticipating Provider's billed charges. No fee schedule amounts include any applicable tax.

The fee schedule that is current as of the time the services are provided will be the fee schedule that is used for determining the Allowed Amount.

**The Allowed Amount for all other Nonparticipating Providers (Facility Services) in Minnesota**

The Claims Administrator's Allowed Amount for Nonparticipating Provider facility services is a designated percentage of the facility's billed charges, except those described under Special Circumstances below, and subject to business rules established in the Claims Administrator Provider Policy and Procedure Manual. Examples of facility-based provider types include, but are not limited to hospitals, skilled nursing facilities or renal dialysis centers.

**The Allowed Amount for all other Nonparticipating Provider Professional Services (Physicians or Clinics) outside Minnesota**

For Nonparticipating Provider physician or clinic services outside of Minnesota, except those described under Special Circumstances below, the Allowed Amount is most commonly determined by the local Blue Cross and/or Blue Shield Plan, unless that amount is greater than the Nonparticipating Provider's billed charge, or no Allowed Amount is provided by the local Blue Plan. In that case, the Allowed Amount will be based on a percentage of pricing obtained from a nationwide provider reimbursement database that considers various factors, including the ZIP code of the place of service and the type of service provided. If this database pricing is not available for the service provided, the Claims Administrator will use the Allowed Amount for Nonparticipating Providers in Minnesota.

**The Allowed Amount for Nonparticipating Providers (Facilities Services) outside Minnesota**

For Nonparticipating Provider facility services outside of Minnesota, except those described under Special Circumstances below, the Allowed Amount is determined by the local Blue Cross and/or Blue Shield Plan, unless that amount is greater than the Nonparticipating Provider's billed charge, or no Allowed Amount is provided by the local Blue Plan. In that case, the Allowed Amount is determined from a Medicare-based fee schedule. If such pricing is not available, payment will be based on a percentage of the Nonparticipating Provider's billed charges.

**Special Circumstances**

When you receive care from certain nonparticipating professionals at a participating facility such as a hospital, outpatient facility, or emergency room, the reimbursement to the nonparticipating professional may include some of the costs that you would otherwise be required to pay (e.g., the difference between the Allowed Amount and the provider's billed charge). This reimbursement applies when nonparticipating professionals are hospital-based and needed to provide immediate medical or surgical care and you do not have the opportunity to select the provider of care. This reimbursement also applies when you receive care in a nonparticipating hospital as a result of a medical emergency.

If you have questions about the benefits available for services to be provided by a Nonparticipating Provider, you will need to speak with your provider and you may call the Claims Administrator Customer Service at the telephone number on the back of your member ID card for more information.

---|---
Claim | A claim is a written submission from your provider (or from you when you use Out-of-Network Providers) to the Claims Administrator. Most claims are submitted electronically. The claim tells the Claims Administrator what services the provider delivered to you. In some cases, the Claims Administrator may require additional information from the provider or you before a determination can be made. When this occurs, work with your provider to return the information to the Claims Administrator promptly. If the provider delivered a service that is a non-covered benefit, the claim will deny, meaning no payment is allowed.

Providers are required to use certain codes to explain the care they give you. The provider's medical record must support the codes being used. The Claims Administrator may not change the codes a provider uses on a claim. If you believe your provider has not used the right codes on your claim, you will need to talk to your provider.

Claims Administrator | Blue Cross and Blue Shield of Minnesota (Blue Cross).

Coinsurance | The percentage of the Allowed Amount you must pay for certain covered services after you have paid any applicable deductibles and copays and until you reach your out-of-pocket and/or intermediate maximum. For covered services from Participating Providers, coinsurance is calculated based on the lesser of the Allowed Amount or the Participating Provider's billed charge. Because payment amounts are negotiated with Participating Providers to achieve overall lower costs, the Allowed Amount for Participating Providers is generally, but not always, lower than the billed charge. However, the amount used to calculate your coinsurance will not exceed the billed charge. When your coinsurance is calculated on the billed charge rather than the Allowed Amount for Participating Providers, the percentage of the Allowed Amount paid by the Claims Administrator will be greater than the stated percentage.

For covered services from Nonparticipating Providers, coinsurance is calculated based on the Allowed Amount. In addition, you are responsible for any excess charge over the Allowed Amount.

Your coinsurance and deductible amount will be based on the negotiated payment amount the Claims Administrator has established with the provider or the provider’s charge, whichever is less. The negotiated payment amount includes discounts that are known and can be calculated when the claim is processed. In some cases, after a claim is processed, that negotiated payment amount may be adjusted at a later time if the agreement with the provider so provides. Coinsurance and deductible calculation will not be changed by such subsequent adjustments or any other subsequent reimbursements the Claims Administrator may receive from other parties.

Coinsurance Example:

You are responsible for payment of any applicable coinsurance amounts for covered services. The following is an example of how coinsurance would work for a typical claim:

For instance, when the Claims Administrator pays 80% of the Allowed Amount for a covered service, you are responsible for the coinsurance, which is 20% of the Allowed Amount. In addition, you would be responsible for any excess charge over the Claims Administrator's Allowed Amount when a Nonparticipating Provider is used. For example, if a Nonparticipating Provider ordinarily charges $100 for a service, but the Claims Administrator's Allowed Amount is $95, the Claims Administrator will pay 80% of the Allowed Amount ($76). You must pay the 20% coinsurance on the Claims Administrator's Allowed Amount ($19), plus the difference between the billed charge and the Allowed Amount ($5), for a total responsibility of $24.

Remember, if Participating Providers are used, your share of the covered charges (after meeting any deductibles) is limited to the stated coinsurance amounts based on the Claims Administrator's Allowed Amount. If Nonparticipating Providers are used, your out-of-pocket costs will be higher as shown in the example above.

</tr>
<tr>
<td>Term Definition</td>
<td>Industry standard claim submission standards (established by the Medicare program) are used by clinic and hospital providers.</td>
</tr>
<tr>
<td>Place of Service</td>
<td>Providers use different types of claim forms to bill for services based on the &quot;place of service.&quot; Generally, the place of service is either a clinic or facility. The benefit paid for a service is based on provider billing and the place of service. For example, the benefits for diagnostic imaging performed in a physician’s office may be different than diagnostic imaging delivered in an outpatient facility setting.</td>
</tr>
<tr>
<td>Plan</td>
<td>The plan of benefits established by the Plan Administrator.</td>
</tr>
