ABSTRACT:

The Heart of Gustavus collection contains materials collected during the community conversation event held during February 2003. The daylong event included members of the Gustavus campus joining together to discuss the goals, visions, concerns, priorities, and needs of the community. Students, faculty, support staff, administrators, and trustees were invited to attend. The day was split into two sessions. During each session small groups would answer questions dealing with the future of the college. Answers were collected and compiled into the material found within this collection. Also included are answers from two evaluations.
