**ABSTRACT:**

The January Term and Summer Session Course Planning and Event Materials collection consists of documents such as course catalogs, student enrollment rosters, event calendars, planning materials, and budget information. Materials primarily relate to courses offered.

**HISTORICAL NOTE:**

January Term began in 1964 and is still offered for students. Summer Session was offered until 1987/88, after which students were able to register for course-by-arrangement, independent study, or internships. By 1994, this changed to the current system where only independent studies and internships are available.

**SCOPE AND CONTENT:**

This collection consists of two series: January Term and Summer Session. Within each series, materials are organized chronologically by year. January Term covers years 1964-2003. Summer Session covers years 1942-1983. The amount of material available varies, and there may be only a few documents for some years.

There are no restrictions on use of this collection for research purposes. The researcher assumes full responsibility for observing all copyright, property, and libel laws as they apply.
