Foucault Pendulum, 1958-1995.

GACA Collection 470

Foucault Pendulum, 1958-1995. GACA Collection 470. 1 folder and 1 oversize folder.

ABSTRACT:

The Foucault Pendulum collection consists of correspondence, plans, articles, and photos relating to the Foucault pendulum housed in the Nobel Hall of Science between the 1960s and 1990s. The pendulum did not function properly for the majority of that time, and many of the documents focus on fixing its various mechanisms.

RESTRICTIONS:

There are no restrictions on the use of this collection for research purposes. The researcher assumes full responsibility for observing all copyright, property, and libel laws as they apply.

Researchers must use collection in accordance with the policies of the College Archives, the Folke Bernadotte Memorial Library, and Gustavus Adolphus College.
