

GUSTAVUS MOVE-IN DAY UPDATED MAP

GUSTAVUS MOVE-IN DAY 169 DETOUR MAP

August 14, 2014

Dear New Gusties and families,

The only constant in the world is change! **Please use these maps for Move-In Day rather than the map sent to you in the earlier packet.**

Due to a detour associated with road construction on MN State Highway 169 (both North and South bound) between St. Peter and Le Sueur, MN scheduled to be in place until Sept. 1, 2014, we need to make adjustments to Move-In Day directions.

On the left, you will find an outlined map for the Highway 169 detour and on the back of this letter is a new campus map with updated directions for Move-In Day. Please recycle the previous map sent and replace it with this one. **The directions have changed substantially so please read them carefully.**

Note that students and families coming from the **NORTH** will enter the College at the **Sunrise Drive/Grace Street entrance** and traffic coming from the **SOUTH** will enter via the **Jefferson Avenue entrance**. The College Avenue entrance will be routed as **EXIT ONLY** from campus so please do **NOT** plan on driving up College Avenue to enter campus. Attempting to enter on College Avenue will result in you being re-routed to either Jefferson or Sunrise/Grace entrances.

Don't forget to bring your door hanger sent in the previous mailing but disregard the written directional instructions on it.

Pittman/Sohre Residents: After unloading, exit campus via College Avenue and park in the 7th Street lot or the Arboretum lot.

Norelius Residents: After unloading, park in the Norelius lot.

If, by good luck, the road construction project has ended and the detour is no longer in place, we will still plan on using this plan for Move-In Day. Thus, even if there is no detour, traffic coming from the North should take Broadway and turn onto Sunrise Drive to use the Sunrise/Grace entrance and families coming from the South should use the Jefferson entrance.

Our apologies for the last minute changes. We can't wait to meet all of you!

Sincerely,

JoNes R. VanHecke

Vice President for Student Life and Dean of Students
