

Society of Physics Students Summer Internship Workshop

Should I Apply? When? How?

Come get all the answers

**Wednesday Evening at 7:00 In
Olin 220**

Refreshments Will be served

Who Should Do An Internship?

Everyone!

Why Should You Do One?

- Experience
 - Learn about your career choices and areas of physics
 - Learn physics through research
 - Resume building for graduate school, scholarships, and awards
 - Cool locations and fun activities
- Pay
 - ~ \$4000 – \$5000 for ten weeks
 - Travel expenses and housing included
- Networking
 - Professors – future recommendation letters
 - Graduate Students – advise and mentoring
 - Other program participants – friends

Who is Eligible?

- Juniors
- Sophomores
- First-Year Students

Who should apply?

- Juniors
- Sophomores
- First-Year Students

How do I find an internship?

- [GAC physics website](#)
- GAC professors and FYRE
- NSF REU website
- Google
- Personal connections
- Calling a company
- Company websites

The logo for SURF NIST, featuring the word "SURF" in a bold, black, sans-serif font above a horizontal line, and the word "NIST" in a similar bold, black, sans-serif font below the line.

The Details.

- Can I do more than one?
 - Yes! Those aiming for graduate school should apply every year
- How should I choose?
 - Location
 - Type of program
 - Lab/project
- How many should I apply for?
 - Applications are almost always free
 - 6-10
- What is the timeline?
 - Look at your spsiscool emails
 - Ask for letters of recommendation now (before finals)
 - Deadlines in mid January through middle of March
- What is the application process?
 - Application form online
 - Letters of recommendation
 - Essay
