A Campus Safety student employee will be available to give safe rides from specifically marked locations from 6:00 p.m. to 1:30 a.m. every night. The Safe Ride vehicle will be parked at several locations near the center of campus when not transporting students. Students calling the Safe Rides number (x7000) will be directed to the nearest location to be picked up by the Safe Rides vehicle and transported to the closest marked drop-off location. The driver will pick up and drop off at 14 designated locations (below). All pick-up points are identified with posted yellow and black “Safe Rides” signs. After picking up students the driver will take them to the closest drop-off locations, or the driver may stop and pick up more students on the way there if room is available in the vehicle. When a driver arrives at a called-in pick-up location, HE/SHE WILL WAIT ONE MINUTE TO PICK UP STUDENTS; if the students are not there by the end of that minute the driver will leave and the students will need to call for another pick-up.
